Variance to reduce the 50-foot landscape buffer to 32 feet along the northern property line; variance to waive the requirement to establish a buffer if not present; variance to eliminate the side yard setback in the area of the building addition. Ward 4B.

20200448 V2020-22 [VARIANCE] WHITAKER SMITH (WATERWORKS NEIGHBORS LLC)

V2020-22 [VARIANCE] WHITAKER SMITH (WATERWORKS NEIGHBORS LLC) are requesting variances for property zoned R-4 (Single Family Residential - 4 units/acre), located in Land Lot 1147, District 16, Parcel 0420, 2nd Section, Marietta, Cobb County, Georgia, and being known as **379 Campbell Hill Street**. Variance to reduce the southern side yard setback from 10' to 6'; variance to reduce the northern side yard setback from 10' to 6'; variance to reduce the setback along North Sessions Street from 25' to 10'; variance to reduce the setback along Campbell Hill Street from 25' to 20.' Ward 4B.

OTHER BUSINESS:**20200325 Board of Zoning Appeals - Election of Chairman**

Election of Chairman to serve for one year to April 2021.

ADJOURNMENT:

STAFF REVIEW AND RECOMMENDATION

Variance Case #: V2020-16

Legistar #: 20200322

Board of Zoning Appeals Hearing:

Monday, June 29th, 2020 – 6:00 p.m.

**Property Owner: 1053MSP LLC/Rutvik Emil Dmello
1 Glenlake Parkway NE
Suite 700
Atlanta, GA 30328**

**Agent: Parks Huff, Esq.
Sams, Larkin, & Huff, LLP
376 Powder Springs Street
Suite 100
Marietta, GA 30064**

Address: 1053 Sandy Plains Road

Land Lot: 0780 District: 16th Parcel: 0120

Council Ward: 6B Existing Zoning: CRC (Community Retail Commercial)

Special Exception / Special Use / Variance(s) Requested:

1. Variance to reduce the buffer from 40 ft. to 10 ft. along the northern portion of the property line [*§716.08 (I)*]
2. Variance to increase allowable height of a fence from 8 ft to 12 ft for a property zoned CRC [*§710.04 (D.4)*]

Statement of Fact

As per section 720.03 of the Comprehensive Development Code of Marietta, the Board of Zoning Appeals may alter or modify the application of any such provision in the Development Code because of unnecessary hardship if doing so shall be in accordance with the general purpose and intent of these regulations, or amendments thereto, and only in the event the board determines that by such alteration or modification unnecessary hardship may be avoided and the public health, safety, morals and general welfare is properly secured and protected. In granting any variance the board of zoning appeals shall designate such conditions in connection therewith as will, in its opinion, secure substantially the objectives of these regulations and may designate conditions to be performed or met by the user or property owner, out of regard for the public health, safety, comfort, convenience, and general welfare of the community, including safeguards for, with respect to light, air, areas of occupancy, density of population and conformity to any master plan guiding the future development of the city. The development costs of the applicant as they pertain to the strict compliance with a regulation may not be the primary reason for granting a variance.

Criteria:

1. Exceptional or extraordinary circumstances or conditions *are/are not* applicable to the development of the site that do not apply generally to sites in the same zoning district.
2. Granting the application *is/is not* necessary for the preservation and enjoyment of a substantial property right of the applicant, and to prevent unreasonable property loss or unnecessary hardship.
3. Granting the application *will/will not* be detrimental or injurious to property or improvements in the vicinity of the development site, or to the public health, safety, or general welfare.

PICTURES

Rear portion of 1053 Sandy Plains Rd abutting residential properties

Subject property along Sandy Plains Rd

Recommended Action:

Approval with stipulations. The property owner, 1053MSP LLC, is requesting a variance for the property at 1053 Sandy Plains Road in order to reduce the undisturbed buffer adjacent to residential homes. The property is approximately 0.93 acres in area and is located near the corner of Sandy Plains and Addison Road. Adjacent properties immediately to the east and west are also zoned CRC and include a car wash and a fast food restaurant. To the north, the adjacent properties are located in unincorporated Cobb County and are zoned R-20 (Single-Family Residential – 20,000 sq.ft. lot size); the property directly south of the subject property, across Sandy Plains Road, is zoned PID (Planned Industrial Development).

The property is a wooded lot that has never been developed. The applicant would like to develop a two-story commercial building with first floor retail businesses and second story offices. The Zoning Ordinance requires properties zoned CRC to maintain a 40-foot wide undisturbed buffer that is intended to screen views and diffuse sound along any property line abutting a residential district. Building setbacks are to be applied in addition to - not overlapping - the buffer.

As shown on the updated proposed site plan, the owner is requesting to reduce the buffer to 10 feet with an opaque privacy fence in order to provide 43 parking spaces for the 11,900 square foot building. Parking requirements for retail space is one space per 250 sq.ft., while offices require one space per 350 sq.ft. The applicant has provided all parking towards the rear of the property, away from public view, which allows the front setback to be reduced up to 50% [*§716.07 (F)*].

Two (2) residential properties, 1048 and 1050 Plainview Drive in Cobb County, would be directly impacted by the buffer reduction. The application claims the buffer reduction is necessary because the property is small and narrow. However, the site is nearly an acre in size and the buffer encroachment could be minimized or eliminated by reducing the building area. The applicant has stated that they would replace the existing chain-link fence with an opaque fence along the rear of the property.

The fast food restaurant immediately to the west (1043 Sandy Plains Road) was granted a reduction to the 50 ft. buffer as part of a rezoning case in 1990. Per Z-9021, the buffer was reduced to 10 feet wide on the north and east side of the property with the installation of a 6' tall wood fence. The car wash immediately to the east, 1813 Addison Road, was granted a reduction in the required buffer from 40 feet to 20 feet with an 8-foot tall wood fence (Z2004-29).

This case was tabled from the May 18, 2020 BZA meeting in order for the applicant to speak with the neighboring property owners and attempt to address any concerns. The applicant and attorney have reached out to city staff to state they are willing to provide the following:

- A 10 – 12-foot opaque privacy fence on the subject property along the shared boundary line of the two adjoining neighbors to the rear – the fence will run the entire length of the subject property so that it leaves no gaps for access to the residential properties.
- A 10-foot planted buffer with trees planted as depicted on the most recent site plan.
- The dumpster will be installed with rubber padding to ensure that the pickup and emptying of the dumpster does not create unnecessary noise.

To maintain consistency with what has been granted for surrounding properties, *staff recommends approval of the requested variance with the following stipulations:*

1. *The buffer may be reduced to no less than ten (10) feet but may be disturbed and replanted.*
2. *The existing chain link fence be replaced with a wooden privacy fence at least 10 feet in height, but no more than 12 feet in height, with the finished side facing the exterior.*
3. *The buffer shall contain two (2) staggered rows of evergreen trees, with 10 ft. spacing, and at a minimum height of 5 ft. at installation.*
4. *The dumpster will be installed with rubber padding to ensure that the pickup and emptying of the dumpster does not create unnecessary noise.*

Although unrelated to variance request, the following site requirements should be noted:

- Two-way driveways must be at least 20' wide, exclusive of curb and gutter. One-way driveways must be at least 14' wide, exclusive of curb and gutter.
- A planter island is required in between every twelve (12) parking spaces and be a minimum 125 sq.ft. in area and contain at least one non-pine species tree (minimum two-inch caliper and ten feet in height). One additional planter island will be required in the row of sixteen (16) continuous parking spaces towards the northern portion of the property.
- CRC is limited to 80% impervious surface coverage.
- Accessory structures must be at least 10' from any property line.
- Metal siding may not be used on any side of a building facing a roadway.

LETTER OF INTENT

VIA EMAIL: slittle@mariettaga.gov

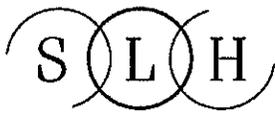

Ms. Shelby Little, AICP
City of Marietta
Department of Development Services
205 Lawrence Street
Marietta, GA 30060

Re: Variance Application of 1053MSP LLC regarding a .911± Acre Tract located in Land Lots 779 and 780, 16th District, known as 1053 Sandy Plains Road, City of Marietta, Cobb County, Georgia.

Dear Shelby:

This firm has been engaged by and represents 1053MSP LLC concerning the above-captioned Variance Application. The property is zoned CRC and is in a Neighborhood Activity Center. The property fronts on Sandy Plains road and there are a series of other commercial businesses on this section of Sandy Plains Road. To the rear of the property are residential properties. The applicant proposes a commercial building that will have retail businesses and offices. The uses will be quieter than adjacent uses such as car washes, fast food restaurants, landscaping businesses and convenience stores. The applicant proposes to reduce the 40-foot buffer adjacent to residential property to a 5-foot replanted buffer with a wooden privacy fence. The buffer reduction is necessary because the property is relatively small and narrow. The proposed buffer is consistent with the other buffers in the area.

For all the reasons stated herein above and with all of the information and documentation which is before you, we respectfully request that the Variance Application be approved. Of course, during the pendency of the Application, I will be providing you and your staff with any necessary additional information, documentation and stipulations in order to facilitate the approval of this Application. In the interim, please do not hesitate to contact me should you have any questions whatsoever regarding these matters.

April 6, 2020

RUN DATE: June 12, 2020

**CITY OF MARIETTA
PUBLIC NOTICE OF VARIANCES**

The City of Marietta hereby gives notice that a public hearing will be held to give consideration to the following requests. The Board of Zoning Appeals will consider the following requests on **Monday, June 29th, 2020 at 6:00 P.M.**, City Hall. Anyone wishing to attend may do so and be heard relative thereto.

V2020-16 [VARIANCE] 1053MSP LLC is requesting a variance for property zoned CRC (Community Retail Commercial), located in Land Lot 07800, District 16, Parcel 0120, 2nd Section, Marietta, Cobb County, Georgia, and being known as 1053 Sandy Plains Road. Variance to reduce the undisturbed buffer from 40' to 10' along the northern property line. Variance to increase the allowable height of a fence from 8' to 12.' Ward 6B.

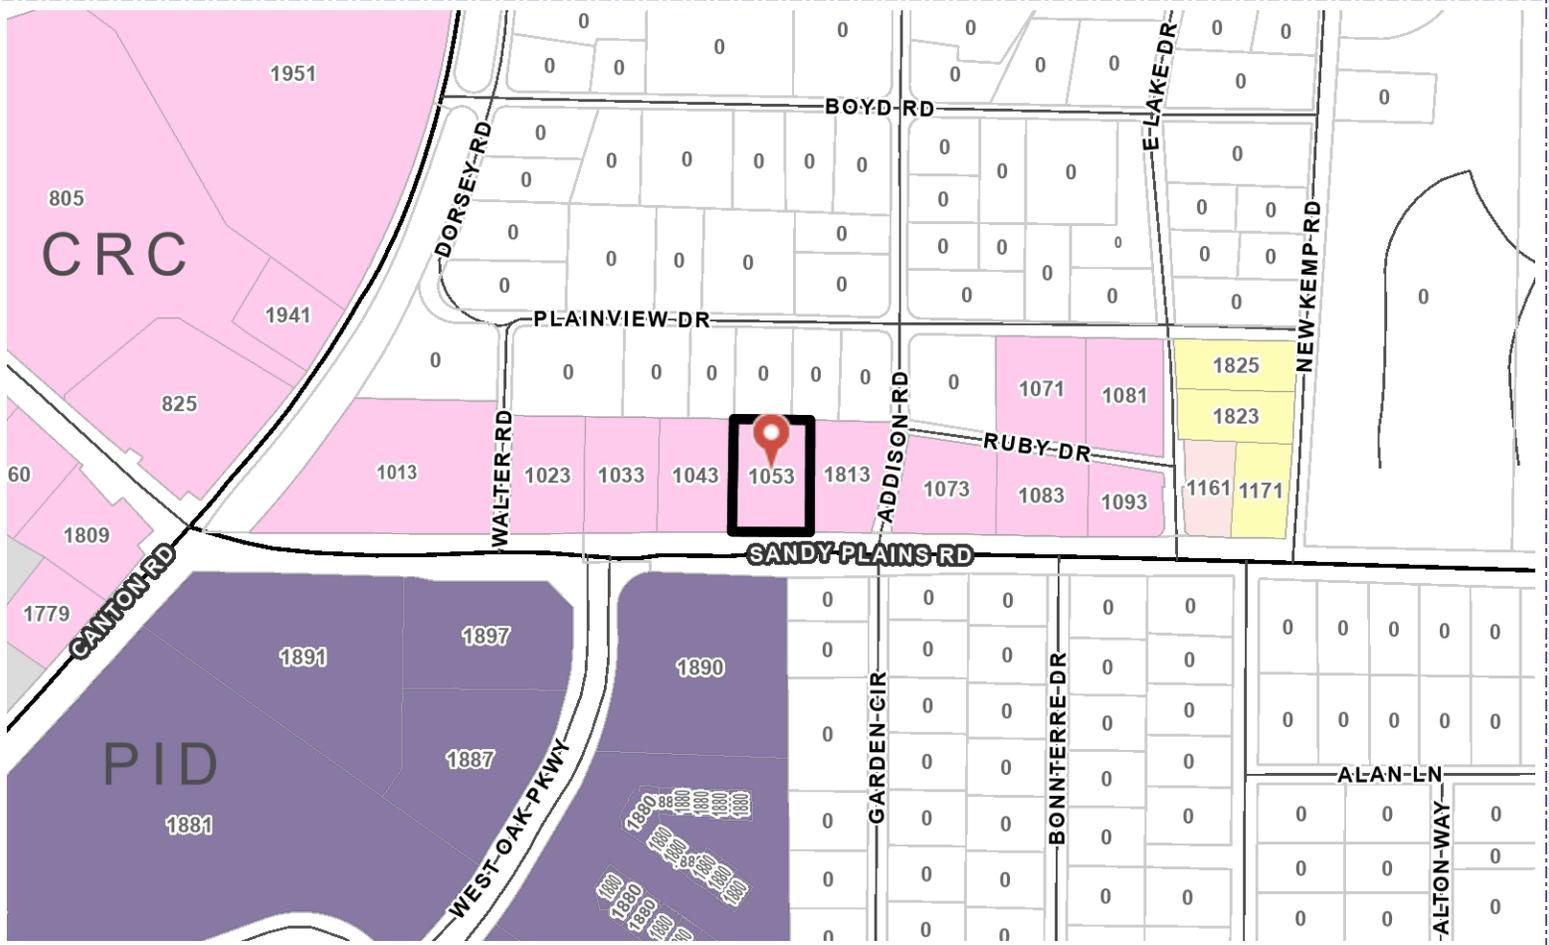

A description and plat of the property sought for the variances are on file in the Planning and Zoning Office, City Hall, and are available for inspection between 8:00 A.M. and 5:00 P.M., Monday through Friday. Anyone wishing to attend may do so and be heard relative thereto. You may also review the property file at www.marietta.gov and enter the case # in the search box.

For additional information including questions about virtual participation, please call the Planning and Zoning Office (770) 794-5669.

Accessibility to Meetings: If you believe you may need the City/BLW to provide special accommodations in order to attend/or participate in any of the above meetings, please call ADA Coordinator, at 770-794-5558 no later than 48 hours before the date of the above meeting.

Re: Zoning Appeal Hearing about V2020-6 on June 29th at 6 PM

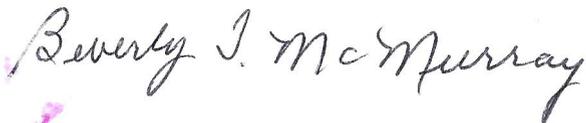

Dear Mr. Van Buren,

I work with Carol Brown of Canton Road Neighbors and represent that group and area residents within the City of Marietta near Canton Road because I am a resident of the City of Marietta living in Briarwood Subdivision. Briarwood is located just several blocks away from Canton Road on Sandy Plains. I have decades of experience with a number of homeowner's groups in three different counties and take a keen interest in what is approved, especially when it affects existing residential areas.

Today I am contacting you and, by virtue of "copy" on the email, the entire Board of Zoning Appeals as well as our city Council person, Michelle Cooper-Kelly.

After a review of the Variance Request and the Staff Review and Recommendation, I wanted to let you know that we are happy with the recommendations made by staff and support those, especially requiring the 20 foot buffer. The latest precedent in that block is the 2004 variance on the car wash next door to this property. The required 40 foot buffer was allowed to be reduced to 20 feet. I think that precedent should be used as a guide in making a decision about this property to keep the 20 feet in the stipulations.

Thank you in advance for taking our support of Staff into consideration.

Beverly T McMurray

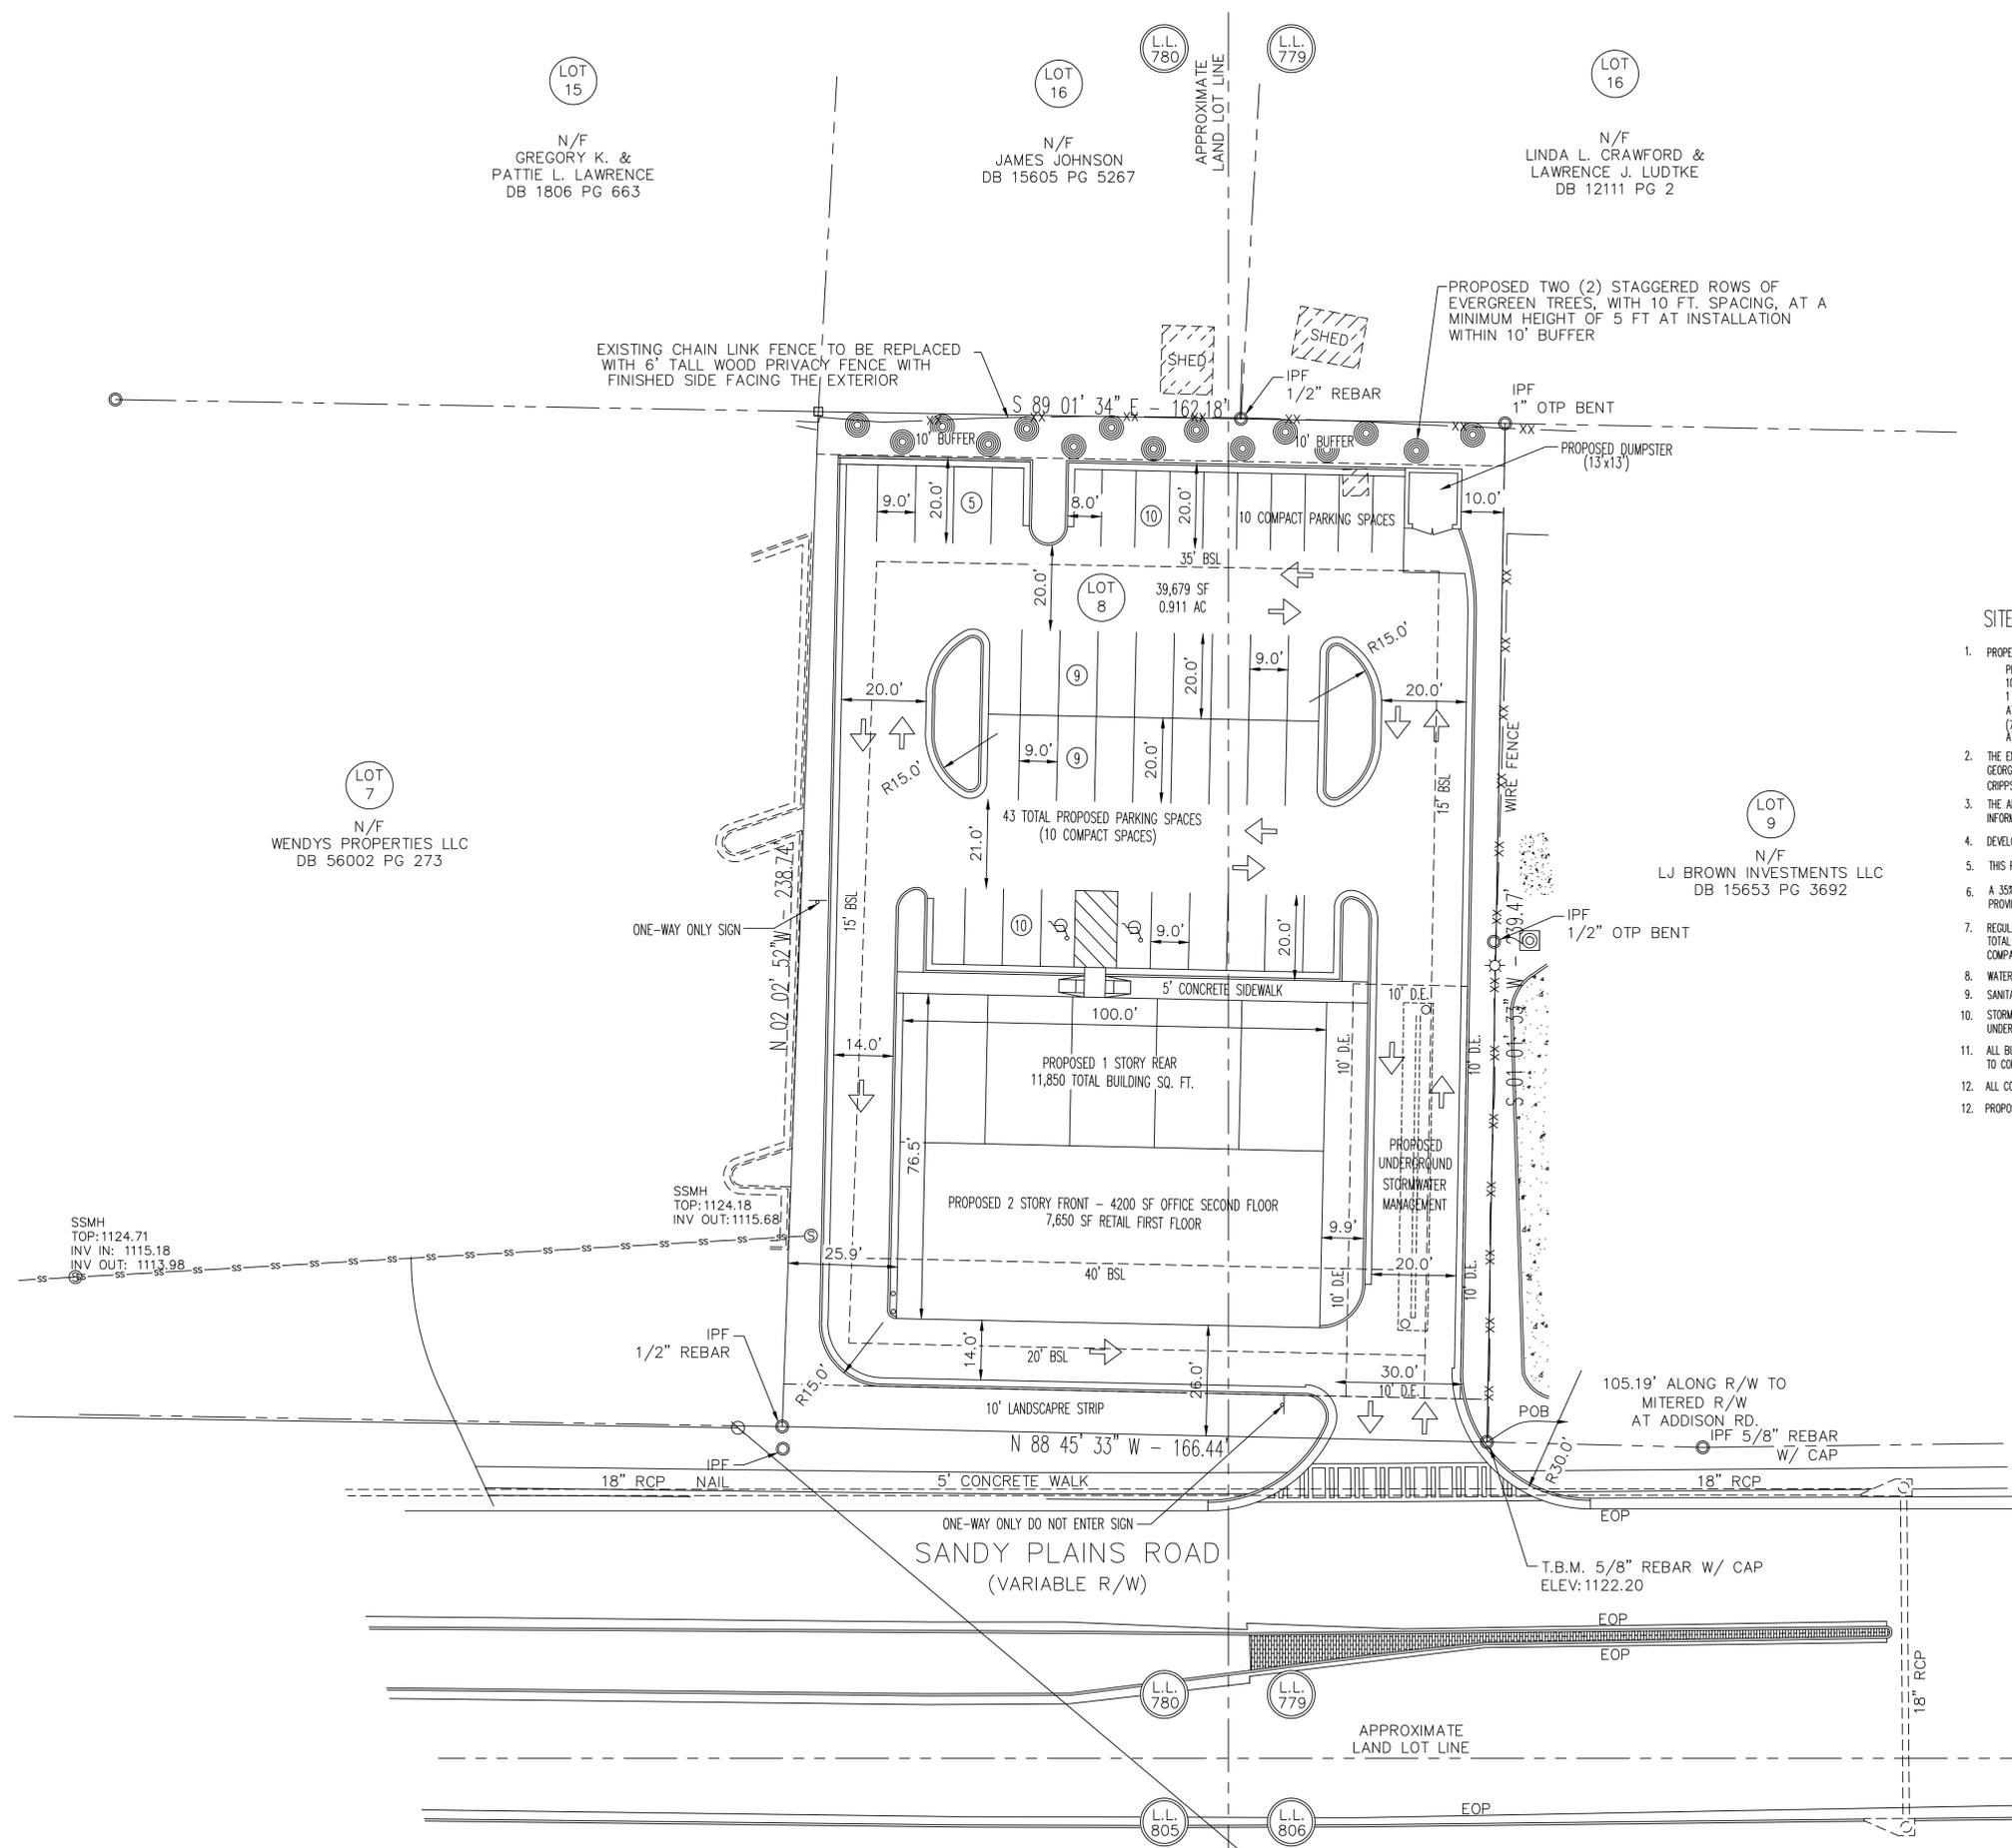

Former board member of Canton Road Neighbors
Former board member of NE Cobb Homeowners Group
Immediate past president of the Briarwood Homeowners Association

Variance Case #: V2020-18 **Legistar #:** #20200347

Board of Zoning Appeals Hearing: Monday, June 29th, 2020 – 6:00 p.m.

Property Owner: Amy Mullis Knowles
526 Delk Street
Marietta, GA 30060

Applicant: Same as above

Address: 526 Delk Street

Land Lot: 290 **District:** 17 **Parcel:** 0680

Council Ward: 1A **Existing Zoning:** RM-8 (Multi Family Residential – 8 units/acre)

Special Exception / Special Use / Variance(s) Requested:

1. Variance to reduce the rear yard setback from 30’ to 10’ for a new addition. [§708.10 (C.2) and §708.04 (H)]
2. Variance to reduce the front yard setback from 25’ to 20’ for the existing structure. [§708.10 (C.2) and §708.04 (H)]
3. Variance to allow an existing shed remain 7’ from the side and 1’ from the rear property line. [§708.10 (F.1)]

Statement of Fact

As per section 720.03 of the Comprehensive Development Code of Marietta, the Board of Zoning Appeals may alter or modify the application of any such provision in the Development Code because of unnecessary hardship if doing so shall be in accordance with the general purpose and intent of these regulations, or amendments thereto, and only in the event the board determines that by such alteration or modification unnecessary hardship may be avoided and the public health, safety, morals and general welfare is properly secured and protected. In granting any variance the board of zoning appeals shall designate such conditions in connection therewith as will, in its opinion, secure substantially the objectives of these regulations and may designate conditions to be performed or met by the user or property owner, out of regard for the public health, safety, comfort, convenience, and general welfare of the community, including safeguards for, with respect to light, air, areas of occupancy, density of population and conformity to any master plan guiding the future development of the city. The development costs of the applicant as they pertain to the strict compliance with a regulation may not be the primary reason for granting a variance.

Criteria:

1. Exceptional or extraordinary circumstances or conditions *are/are not* applicable to the development of the site that do not apply generally to sites in the same zoning district.

2. Granting the application *is/is not* necessary for the preservation and enjoyment of a substantial property right of the applicant, and to prevent unreasonable property loss or unnecessary hardship.
3. Granting the application *will/will not* be detrimental or injurious to property or improvements in the vicinity of the development site, or to the public health, safety, or general welfare.

PICTURES

526 Delk Street

Location of proposed addition

Recommended Action:

Approval. The property owner, Amy Mullis Knowles, is requesting variances for a proposed house addition at 526 Delk Street. The subject property is zoned RM-8 (Multi-Family Residential – 8 units/acre) and is 0.34 acres in size. Located at the northwestern corner of Delk and Hawkins Street, the property contains a single-family residence that is occupied by the owner/applicant. The adjacent properties to the north, south, west, and east across Delk Street are also zoned RM-8. Although the neighborhood is zoned for multi-family use, most of the nearby properties are used as single-family residences. Single family residences are permitted in RM-8 zoning districts, but must adhere to the area and bulk regulations for R-4 listed under §708.04 (H).

The owner purchased the property in 2014 and now wishes to add a four-bay garage with living space above. There is currently a metal carport in the location of the proposed addition.

The parcel is wide and relatively shallow; and the entrance to both the house and the driveway are from Delk Street, making the westernmost property line the rear property line. The required rear yard building setback is 30 ft., and if the addition were built outside of the required setbacks, it would drastically shorten the depth and capacity of the driveway. The applicant is requesting to push the addition to no more than 10 feet from the western property line, which is consistent with residential side setbacks.

Two of the three listed variances are for existing conditions. Should the variance for the new addition be approved, the proposed cost of the construction may trigger the redevelopment clause that requires all existing nonconformities to come into compliance. The front part of the home currently projects into the required 25 foot front setback by 5 feet. Open, unenclosed porches may project halfway into the setback so the covered porch is not an issue. Also, there is a shed in the backyard that is closer to both the rear and side property lines than current code allows.

Considering the location of the new addition is on a corner and will be consistent with standard side setbacks, city staff does not anticipate the improvements to have a negative impact on the surrounding area. As a result, ***staff recommends approval of all listed variances.***

Subject: RE: 526 Delk Street Variance Application - missing Item #4

Follow Up Flag: Follow up
Flag Status: Flagged

Hi Ines,

Pertaining to item #4

Reason for variance request:

We are looking to add an addition to our residence at 526 Delk Street. We are raising two of our grandchildren ages 10 and 8. There is not enough bedroom space in the existing home, as we also have another child still in school and living at home. The plans are for an attached garage with two bedrooms and a family room above. We need the variance to be able to bring the addition in line with the back of the existing house. There is no parking on Delk Street and if we have to build the attachment further towards the front of the property, we would be left with no real driveway space. It also would not be very aesthetically pleasing. This is not a situation of inconvenience or a desire to make more money, this is to meet the space needs of our family and do it in a way that will beautify the neighborhood.

Kind regards,

Amy Knowles

Subject: RE: 526 Delk Street Variance Application - missing Item #4

We are missing item #4 of the required documents: We need a letter describing the reason for the variance request, stating why strict adherence to the code would result in a particular hardship (as distinguished from a mere inconvenience or desire to make more money). You can email me a letter or an email, either format will suffice. Thanks.

Also, the tax bill submitted shows an amount due by Oct 2019. We need one that shows zero balance or a receipt of payment. Thanks.

Thanks,
Ines

TO: Marietta Daily Journal

FROM: City of Marietta

RUN DATE: June 12, 2020

**CITY OF MARIETTA
PUBLIC NOTICE OF VARIANCES**

The City of Marietta hereby gives notice that a public hearing will be held to give consideration to the following requests. The Board of Zoning Appeals will consider the following requests on **Monday, June 29th, 2020 at 6:00 P.M.**, City Hall. Anyone wishing to attend may do so and be heard relative thereto.

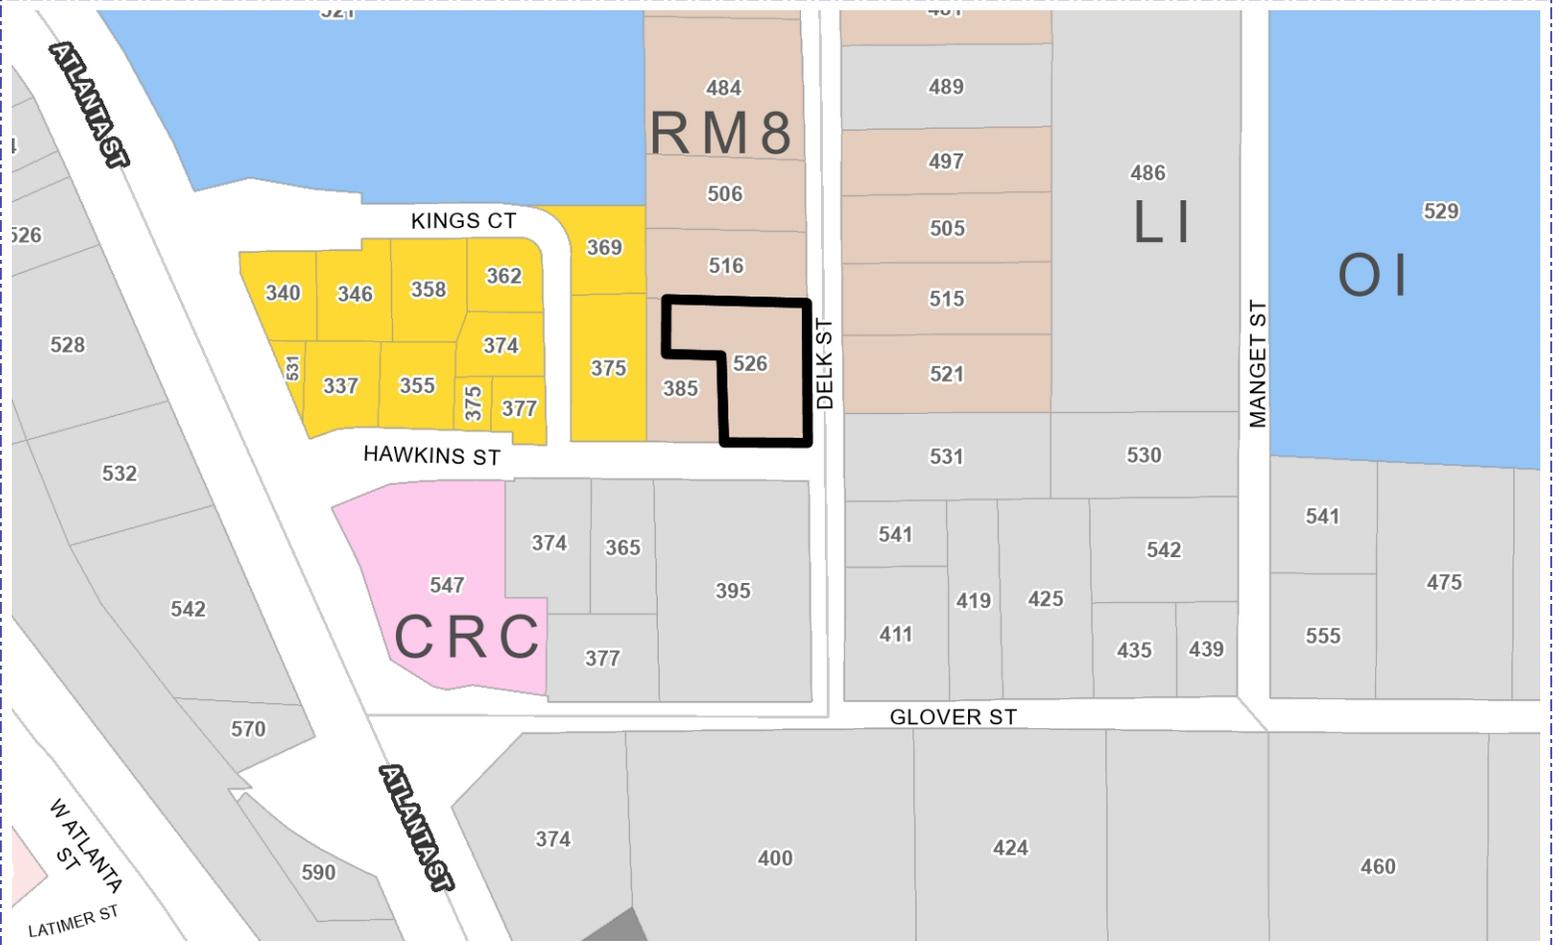

V2020-18 [VARIANCE] AMY MULLIS KNOWLES is requesting variances for property zoned RM-8 (Multi Family Residential– 8 units/acre), located in Land Lot 0290, District 17, Parcel 0680, 2nd Section, Marietta, Cobb County, Georgia, and being known as 526 Delk Street. Variance to reduce the rear yard setback from 30' to 10' for a new addition; variance to reduce the front yard setback from 25' to 20' for the existing structure; variance to allow an existing shed remain 7' from the side and 1' from the rear property line. Ward 1A.

A description and plat of the property sought for the variances are on file in the Planning and Zoning Office, City Hall, and are available for inspection between 8:00 A.M. and 5:00 P.M., Monday through Friday. Anyone wishing to attend may do so and be heard relative thereto. You may also review the property file at www.mariettaga.gov and enter the case # in the search box.

For additional information including questions about virtual participation, please call the Planning and Zoning Office (770) 794-5669.

Accessibility to Meetings: If you believe you may need the City/BLW to provide special accommodations in order to attend/or participate in any of the above meetings, please call ADA Coordinator, at 770-794-5558 no later than 48 hours before the date of the above meeting.

STAFF REVIEW AND RECOMMENDATION

Variance Case #: V2020-20 Legistar #: 20200440

Board of Zoning Appeals Hearing: Monday, June 29th, 2020 – 6:00 p.m.

**Property Owner: Hannah Balko
 643 Etowah Drive NE
 Marietta, GA 30060**

**Applicant: Roger Balko
 643 Etowah Drive NE
 Marietta, GA 30060**

Address: 643 Etowah Drive NE

Land Lot: 1073 District: 16th Parcel: 0130

Council Ward: 4B Existing Zoning: R-3 (Single Family Residential – 3 units/acre)

Special Exception / Special Use / Variance(s) Requested:

1. Variance to reduce the northern side yard setback for an existing accessory structure (shed) from 10 ft to 3 ft [*§708.03 (F)*]
2. Variance to reduce the southern side yard setback for an existing accessory structure (garage) from 10 ft to 4 ft [*§708.03 (F)*]
3. Variance to reduce the northern side yard setback from 10 ft to 9 ft for the existing home. [*§708.03 (H)*]

Statement of Fact

As per section 720.03 of the Comprehensive Development Code of Marietta, the Board of Zoning Appeals may alter or modify the application of any such provision in the Development Code because of unnecessary hardship if doing so shall be in accordance with the general purpose and intent of these regulations, or amendments thereto, and only in the event the board determines that by such alteration or modification unnecessary hardship may be avoided and the public health, safety, morals and general welfare is properly secured and protected. In granting any variance the board of zoning appeals shall designate such conditions in connection therewith as will, in its opinion, secure substantially the objectives of these regulations and may designate conditions to be performed or met by the user or property owner, out of regard for the public health, safety, comfort, convenience, and general welfare of the community, including safeguards for, with respect to light, air, areas of occupancy, density of population and conformity to any master plan guiding the future development of the city. The development costs of the applicant as they pertain to the strict compliance with a regulation may not be the primary reason for granting a variance.

Criteria:

1. Exceptional or extraordinary circumstances or conditions *are/are not* applicable to the development of the site that do not apply generally to sites in the same zoning district.
2. Granting the application *is/is not* necessary for the preservation and enjoyment of a substantial property right of the applicant, and to prevent unreasonable property loss or unnecessary hardship.
3. Granting the application *will/will not* be detrimental or injurious to property or improvements in the vicinity of the development site, or to the public health, safety, or general welfare.

PICTURES

Subject property at 643 Etowah Drive with accessory structure (garage) encroaching into southern setback

Subject property

Recommended Action:

Approval. The applicant, Hannah Balko, is requesting multiple variances for the property at 643 Etowah Drive, which is zoned R-3 (Single Family Residential – 3 units / acre). The property is approximately 0.342 acres in size and is the applicant’s primary residence. Properties to the north and east of the subject property are zoned R-3; properties to the west and south are zoned OI (Office Institutional). Due to the cost of construction, the applicant is requesting variances to allow existing nonconformities remain.

The existing house is approximately 1,684 sq.ft., and the applicant wishes to build a 178 sq.ft. wooden deck off the rear of the home, as well as renovate the interior and exterior. The total cost of construction for the work exceeds the City’s threshold for allowing nonconformities to remain and therefore, requires the entire site to be compliant with all zoning requirements for properties zoned R-3.

In this case, all of the variance requests are for situations that already exist on the property.

The main structure is only 9.9 feet from the northern property line instead of the required 10 feet. Also, the existing detached garage and shed are also not in compliance with setback requirements. The applicant has stated that both the detached garage and the shed for lawn equipment were already existing on the property when the current owner bought the home in 2018. The applicant is requesting variances to allow the accessory structures to remain as-is to avoid any exorbitant costs that may arise with relocating said structures.

The detached garage only 4.1 feet from the southern property line, which is shared with a medical office building zoned OI. The lawn equipment shed on the northern end is only 3 feet from the northern property line. Accessory structures must be at least 10 feet from the side and rear property lines. The applicant is requesting to reduce the northern side yard setback for an existing accessory structure (lawn equipment shed) from 10 feet to 3 feet and to reduce the southern side yard setback for another existing structure (detached garage) from 10 feet to 4 feet.

Considering these conditions are existing and are not creating any negative impacts on the adjacent properties or surrounding community, ***staff recommends approval for all of the requested variances.***

Marietta, GA 30060

404.314.3639

RBALKO.COM

The City of Marietta, GA Board of Zoning Appeals
May 18, 2020

Members of the Board,

I, Roger Balko, am writing to request a variance to the property owned by my wife, Hannah Balko, located at 643 Etowah Dr. NE. It is her desire to have a 8.5' x 21' wooden deck added to the rear of the home via a revision to the current open renovation permit granted by the City.

The Zoning ordinance states if exterior alterations are performed and renovation costs meet or exceed 50% of the home's assessed value, then the entire site must be brought up to current code. That level of renovation has been performed to the home.

The property also has two existing structures on it from its previous, original owners, a two car garage and a lawn equipment shed. I am asking that the City grant variance to the Zoning ordinance to allow for these previously-permitted structures to remain in their current locations within the setbacks so that the desired exterior alterations can be made to the home without having to move the existing structures. Without a granted variance, exorbitant undue cost would be incurred and further improvements to the property would be prevented. This would put 643 Etowah Dr at a distinct disadvantage in the neighborhood, as other such structures are common within the mandated setbacks.

I would greatly appreciate your consideration voting in favor of this variance to allow for the further development and improvement of the property at 643 Etowah Dr.

Sincerely,
Roger Balko

R. BALKO

**CITY OF MARIETTA
PUBLIC NOTICE OF VARIANCES**

The City of Marietta hereby gives notice that a public hearing will be held to give consideration to the following requests. The Board of Zoning Appeals will consider the following requests on **Monday, June 29th, 2020 at 6:00 P.M.**, City Hall. Anyone wishing to attend may do so and be heard relative thereto.

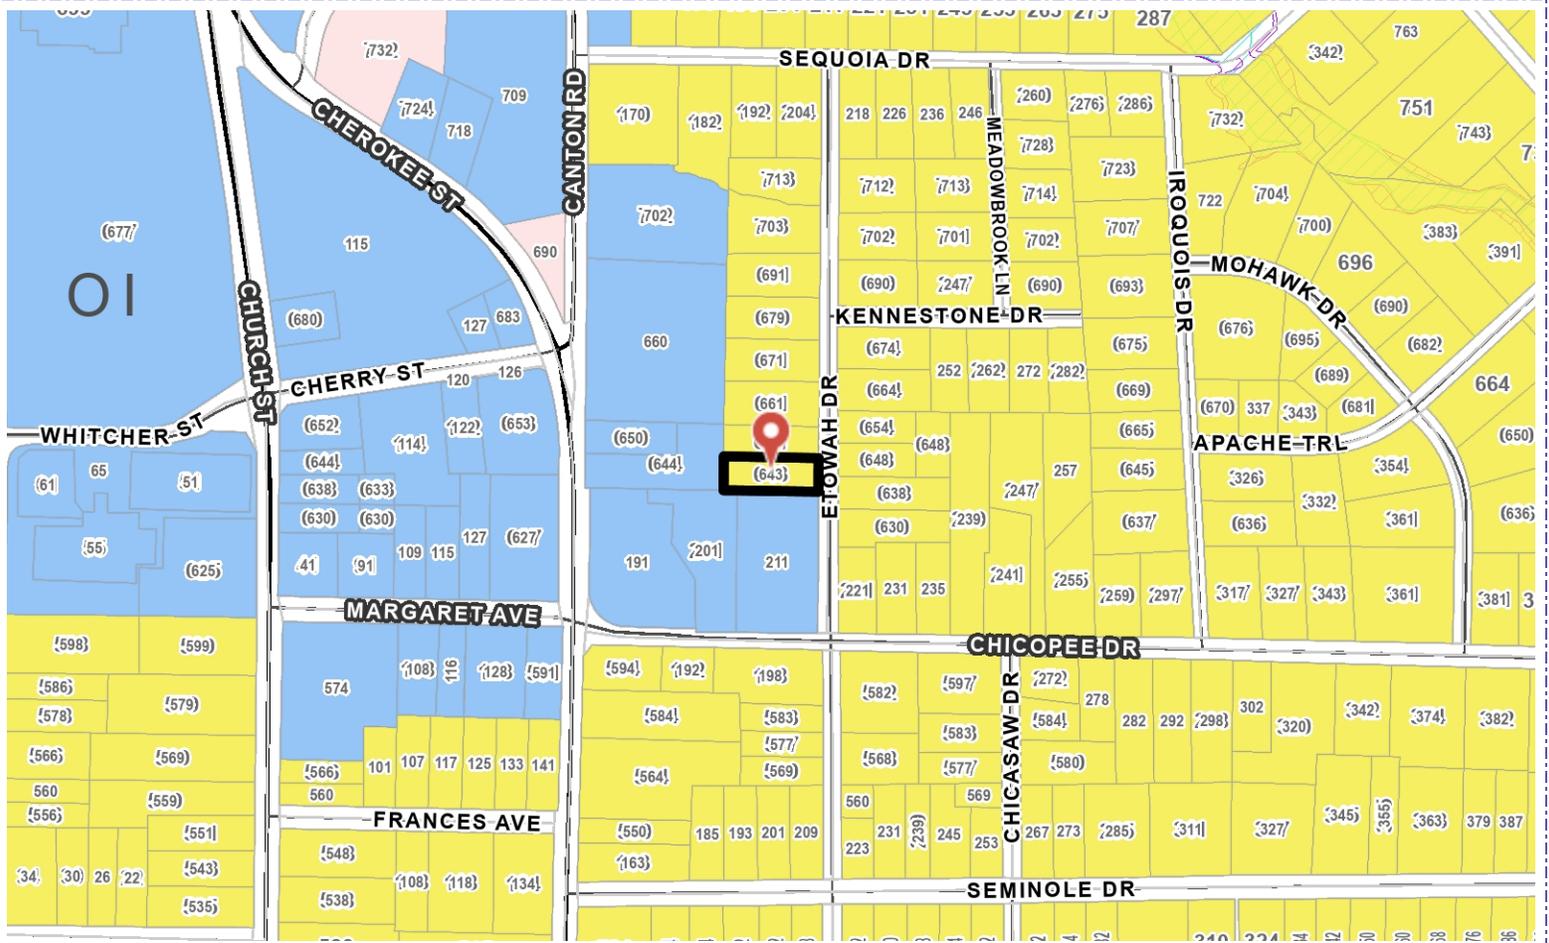

V2020-20 [VARIANCE] HANNAH & ROGER BALKO are requesting variances for property zoned R-3 (Single Family Residential – 3 units/acre), located in Land Lot 1073, District 16, Parcel 0130, 2nd Section, Marietta, Cobb County, Georgia, and being known as 643 Etowah Drive. Variance to reduce the northern side yard setback for an existing accessory structure from 10' to 3'; variance to reduce the southern side yard setback for an existing accessory structure from 10' to 4'; variance to reduce the northern side yard setback from 10' to 9' for the existing home. Ward 4B.

A description and plat of the property sought for the variances are on file in the Planning and Zoning Office, City Hall, and are available for inspection between 8:00 A.M. and 5:00 P.M., Monday through Friday. Anyone wishing to attend may do so and be heard relative thereto. You may also review the property file at www.mariettaga.gov and enter the case # in the search box.

For additional information including questions about virtual participation, please call the Planning and Zoning Office (770) 794-5669.

Accessibility to Meetings: If you believe you may need the City/BLW to provide special accommodations in order to attend/or participate in any of the above meetings, please call ADA Coordinator, at 770-794-5558 no later than 48 hours before the date of the above meeting.

STAFF REVIEW AND RECOMMENDATION

Variance Case #: V2020-21 **Legistar #:** 20200447

Board of Zoning Appeals Hearing: Monday, June 29th, 2020 – 6:00 p.m.

Property Owner: 1705 White Circle Holdings LLC
1705 White Circle
Marietta, GA 30066

Applicant: Same as above

Address: 1705 White Circle

Land Lot: 862 **District:** 16 **Parcel:** 0020

Council Ward: 4B **Existing Zoning:** LI (Light Industrial)

Special Exception / Special Use / Variance(s) Requested:

1. Variance to reduce the 50-foot landscape buffer to 32 feet along the northern property line. [*§708.26 (I)*]
2. Variance to waive the requirement to establish a buffer if not present. [*§710.05*]
3. Variance to eliminate the side yard setback in the area of the building addition. [*§708.26 (H)*]

Statement of Fact

As per section 720.03 of the Comprehensive Development Code of Marietta, the Board of Zoning Appeals may alter or modify the application of any such provision in the Development Code because of unnecessary hardship if doing so shall be in accordance with the general purpose and intent of these regulations, or amendments thereto, and only in the event the board determines that by such alteration or modification unnecessary hardship may be avoided and the public health, safety, morals and general welfare is properly secured and protected. In granting any variance the board of zoning appeals shall designate such conditions in connection therewith as will, in its opinion, secure substantially the objectives of these regulations and may designate conditions to be performed or met by the user or property owner, out of regard for the public health, safety, comfort, convenience, and general welfare of the community, including safeguards for, with respect to light, air, areas of occupancy, density of population and conformity to any master plan guiding the future development of the city. The development costs of the applicant as they pertain to the strict compliance with a regulation may not be the primary reason for granting a variance.

Criteria:

1. Exceptional or extraordinary circumstances or conditions *are/are not* applicable to the development of the site that do not apply generally to sites in the same zoning district.
2. Granting the application *is/is not* necessary for the preservation and enjoyment of a substantial property right of the applicant, and to prevent unreasonable property loss or unnecessary hardship.
3. Granting the application *will/will not* be detrimental or injurious to property or improvements in the vicinity of the development site, or to the public health, safety, or general welfare.

PICTURES

1705 White Circle

Subject area for addition

Buffer area of the residential property to the east

Buffer area of the residential property to the north

Recommended Action:

Approval. The applicant, 1705 White Circle Holdings, LLC, is requesting variances to build an addition to the existing metal building at 1705 White Circle. The subject property lies at the edge of the city limits of Marietta, is zoned LI (Light Industrial), and is bordered by residential properties. The property to the north is owned by Georgia Power Company, contains a large power station, and is zoned R-20 within unincorporated Cobb County. Heritage Ridge, a new single family community, lies to the south and east of the property and is zoned PRD-SF (Planned Residential Development – Single-Family) within City limits. The new addition would encroach into the side yard setbacks and residential buffer and is proposed for the northern side of the property.

City records indicate the subject property is used by a firearm assembly company and structural steel manufacturer. The proposed expansion would add 12,000 sq.ft. to the existing 13,832 sq.ft. building, totaling 25,832 sq.ft. of industrial space. To accomplish this, the applicant is requesting to eliminate the 20-foot side yard setback and reduce the landscape buffer from 50 feet to 32 feet from the northern property line and adjacent to the Georgia Power Company parcel. Currently, there is not a fence or any trees within the buffer, as the property is being used for outdoor storage all the way to the northern property line. If the proposed project cost exceeds 50% of the existing building value, then the remainder of the buffer will be required to be replanted and a fence constructed, unless a variance is granted to allow the area to continue to serve as outdoor storage.

The City’s minimum parking standards for manufacturing, processing, and assembling requires one parking space per 1,300 sq.ft. If the location of the building addition is approved, the site will also be expected to provide a minimum of 20 parking spaces. These spaces will have to be constructed of an approved surface material, such as concrete, asphalt, or brick.

The property to the north is not being used residentially, but is a forested area approximately 175 feet wide, and contains electrical equipment and infrastructure. If this property were privately owned, the existing use would not be allowed on residentially zoned property; and considering the similar intensity of use between the two properties, buffer and setback requirements would not provide a benefit to either property. As a result, *staff recommends approval of all variances.*

Please note the comments provided by other City Divisions:

Fire Comments:

- Sprinklers will be required in proposed addition, and in the existing building if not separated by fire rated barrier.
- IFC 510 testing requirements will need to be met. Emergency responder radio coverage.
- Depending on occupancy and use, fire alarm could potentially be required.
- Depending on elevations of the building and addition, aerial access road could be required.
- Highly encourage a pre-development meeting with City of Marietta team.

Engineering:

Comply with Storm Water Management Ordinance for quality and quantity, pre-submittal meeting suggested, proper EPD permits/approvals required.

EXHIBIT "B" – ATTACHMENT TO APPLICATION FOR VARIANCE

Application No.: _____
Legistar No.: _____
Hearing Date: **June 29, 2020**

Applicant/Property Owner: 1705 White Circle Holdings LLC

Listing of Requested Variance(s) and Statement of Hardship:

The property which is the subject of the Application for Variance is located at 1705 White Circle (hereinafter collectively "Property" or "Subject Property"), is zoned Light Industrial ("LI"), and is being used for industrial purposes by Applicant/Property Owner (collectively "Applicant"). Applicant proposes an expansion to the existing building located on the Property. Due to the location of the existing building; as well as, the size and location of the proposed expansion, variances are required to ensure Applicant's plans for construction of the proposed expansion building can be accomplished. Therefore, Applicant seeks the following variances:

- (1) Waiver of buffer area (along northerly property line) from required 50 feet to 32 feet; and
- (2) Waiver of required side setback (along northerly property line) from required 20 feet (outside of 50-foot buffer area) to zero (0) feet, coinciding with the new buffer distance.

If the Ordinances related to the above requested variances which govern the Subject Property are strictly adhered to, Applicant would be unable to reasonably or economically construct the proposed building expansion on the Property.

TO: Marietta Daily Journal

4. Variance to reduce the setback along Campbell Hill Street from 25’ to 20’. [§708.04 H]

Statement of Fact

As per section 720.03 of the Comprehensive Development Code of Marietta, the Board of Zoning Appeals may alter or modify the application of any such provision in the Development Code because of unnecessary hardship if doing so shall be in accordance with the general purpose and intent of these regulations, or amendments thereto, and only in the event the board determines that by such alteration or modification unnecessary hardship may be avoided and the public health, safety, morals and general welfare is properly secured and protected. In granting any variance the board of zoning appeals shall designate such conditions in connection therewith as will, in its opinion, secure substantially the objectives of these regulations and may designate conditions to be performed or met by the user or property owner, out of regard for the public health, safety, comfort, convenience, and general welfare of the community, including safeguards for, with respect to light, air, areas of occupancy, density of population and conformity to any master plan guiding the future development of the city. The development costs of the applicant as they pertain to the strict compliance with a regulation may not be the primary reason for granting a variance.

Criteria:

1. Exceptional or extraordinary circumstances or conditions *are/are not* applicable to the development of the site that do not apply generally to sites in the same zoning district.

2. Granting the application *is/is not* necessary for the preservation and enjoyment of a substantial property right of the applicant, and to prevent unreasonable property loss or unnecessary hardship.
3. Granting the application *will/will not* be detrimental or injurious to property or improvements in the vicinity of the development site, or to the public health, safety, or general welfare.

PICTURES

Subject property at 379 Campbell Hill Street

Recommended Action:

Approval with a stipulation. The applicant, Whitaker Smith, is requesting multiple variances at the subject property 379 Campbell Hill Street. The property is approximately 0.137 acres in total and is located at the corner of Campbell Hill Street and North Sessions Street. Properties to the north and south are zoned NRC and include a yoga studio and a legally nonconforming residence. The properties to the west are zoned LI (Light Industrial). There are single family residences zoned R-4 across Campbell Hill Street to the east and further south.

In March 2019, this property was rezoned (Z2019-09) from NRC (Neighborhood Retail Commercial) to R-4 (Single Family Residential – 4/units per acre) when City Code Enforcement found the property was being used as a residence after being previously used as an art studio and retail gift shop. Multiple variances for setbacks and lot size were granted during the rezoning to allow the nonconforming structure to remain. However, the structure was demolished in October 2019 because of its severely deteriorated condition. Since the setback variances were for the existing house and accessory structures only, those variances are no longer valid. However, the variance to reduce the lot size from 7,500 sq. ft. to 5,660 sq. ft. remains applicable.

The applicant would like to build a single-family residence on the property. Because the parcel is limited in size and irregularly shaped, practically any new construction would require variances to the building setbacks.

However, the proposed site design has placed the driveway at a dangerous location just a few feet from the busy intersection of Campbell Hill Street and Sessions Street. This is a serious cause for concern as this intersection is already a busy, four-way stop with sight visibility issues and this could be an opportunity to improve the driveway situation on this property. However, the proposed design would make no improvements to the situation. The proposed driveway location would be blocked when only one vehicle is stopped on Sessions Street and a vehicle turning left into the driveway could block the entire intersection.

The applicant is requesting to reduce the side yard setbacks on the north and south from 10 feet to 6 feet; to reduce the setback along North Sessions Street from 25 feet to 10 feet; and to reduce the setback along Campbell Hill Street from 25 feet to 20 feet.

Marietta Fire has indicated the setback reductions would make fire sprinklers a requirement per Marietta City Code 2-6-140. The driveway will also be required to be an approved surface, such as concrete, asphalt, or brick.

Unless the design of the site plan can be modified to eliminate the dangerous driveway location, staff cannot support any requests to reduce the building setbacks. As a result, ***staff recommends denial of the requested variances.***

3. Copy of the deed that reflects the current owner(s) of the property.
4. Letter describing the reason for the variance request, stating why strict adherence to the code would result in a particular hardship (as distinguished from a mere inconvenience or desire to make more money).
5. Site plan - drawn to scale. Site plans must illustrate property lines and all relevant existing information and conditions in addition to proposed additions or modifications within the referenced property lines of the tract(s).
Copies Required: One (1) - (8 1/2" x 11") -or- (11" x 17") drawn to scale.
Optional Additional Plat size: (24"x 36"). If providing (24"x 36") then 5 copies REQUIRED.
6. Copy of current tax bill showing payment or documentation certified by the City of Marietta Tax Office.

Note: The Department of Development Services reserves the right to obtain additional information that reasonably may be required in order that an informed decision may be made.

Board of Zoning Appeals
Marietta City Hall
205 Lawrence Street
Marietta, GA 30060

Dear Board Chairman and Members,

I am in the process of acquiring 379 Campbell Hill Street, near the intersection of N. Sessions Street and Campbell Hill Street. The site is a corner lot with a pentagon shape, which makes it challenging to construct a new home that complies with all City Codes. Therefore, I am requesting the following variances with the outcome being a house situated on the lot similar in keeping with other residences in the neighborhood.

The variance request are as follows:

1. Reduce the set back at 369 Campbell Hill Street to 6' in lieu of 10'.
2. Reduce the set back at 385 N. Sessions Street to 6' in lieu of 10'.
3. Reduce the set back at N. Sessions Street frontage to 10' in lieu of 25'.
4. Reduce the set back at Campbell Hill Street.

My hope is that the Board finds these requests reasonable and with favor. I look forward to any further discussions and questions that you might have with regards to this request.

Sincerely,

A handwritten signature in black ink, appearing to read 'Whitaker Smith', with a long horizontal flourish extending to the right.

Whitaker Smith

TO: Marietta Daily Journal

FROM: City of Marietta

RUN DATE: June 12, 2020

**CITY OF MARIETTA
PUBLIC NOTICE OF VARIANCES**

The City of Marietta hereby gives notice that a public hearing will be held to give consideration to the following requests. The Board of Zoning Appeals will consider the following requests on **Monday, June 29th, 2020 at 6:00 P.M.**, City Hall. Anyone wishing to attend may do so and be heard relative thereto.

V2020-22 [VARIANCE] WHITAKER SMITH (WATERWORKS NEIGHBORS LLC) are requesting variances for property zoned R-4 (Single Family Residential – 4 units/acre), located in Land Lot 1147, District 16, Parcel 0420, 2nd Section, Marietta, Cobb County, Georgia, and being known as 379 Campbell Hill Street. Variance to reduce the southern side yard setback from 10' to 6'; variance to reduce the northern side yard setback from 10' to 6'; variance to reduce the setback along North Sessions Street from 25' to 10'; variance to reduce the setback along Campbell Hill Street from 25' to 20.' Ward 4B.

A description and plat of the property sought for the variances are on file in the Planning and Zoning Office, City Hall, and are available for inspection between 8:00 A.M. and 5:00 P.M., Monday through Friday. Anyone wishing to attend may do so and be heard relative thereto. You may also review the property file at www.mariettaga.gov and enter the case # in the search box.

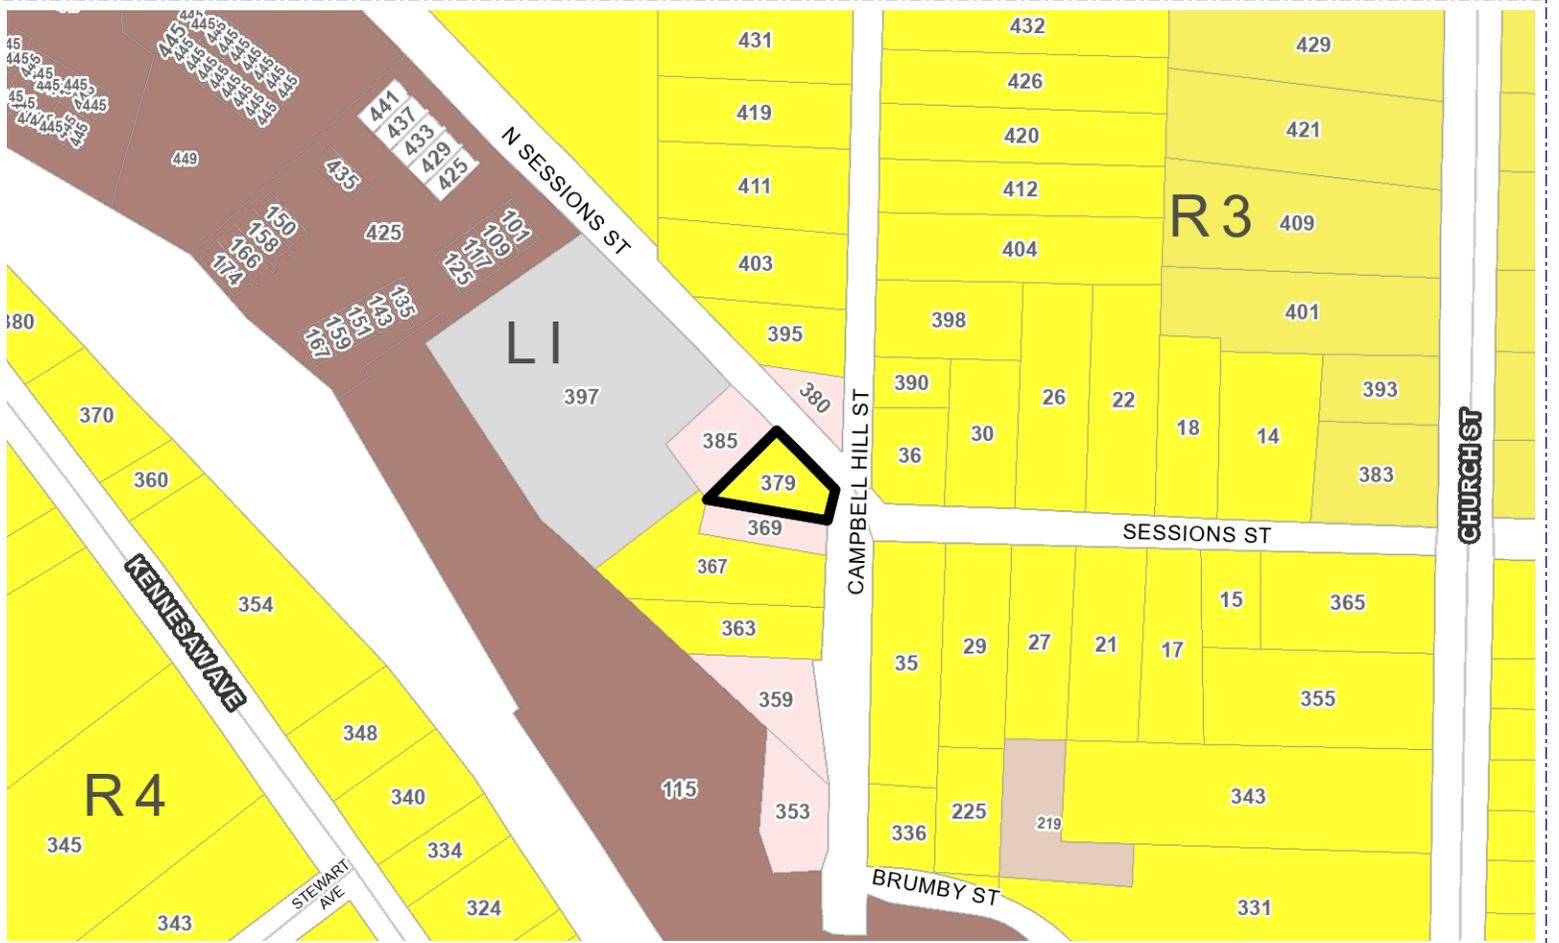

For additional information including questions about virtual participation, please call the Planning and Zoning Office (770) 794-5669.

Accessibility to Meetings: If you believe you may need the City/BLW to provide special accommodations in order to attend/or participate in any of the above meetings, please call ADA Coordinator, at 770-794-5558 no later than 48 hours before the date of the above meeting.

SURVEY NOTES

1. STORM SEWER, SANITARY SEWER AND OTHER BURIED UTILITIES MAY HAVE BEEN PAVED OR COVERED OVER. THE LOCATION OF UNDERGROUND UTILITIES AS SHOWN HEREON ARE BASED ON ABOVE GROUND STRUCTURES. UNDERGROUND UTILITIES MAY VARY FROM LOCATIONS SHOWN HEREON. ADDITIONAL BURIED UTILITIES MAY BE ENCOUNTERED. PLEASE CALL ALL LOCAL UTILITY PROVIDERS AND OR 811 FOR FURTHER INFORMATION.
2. SURVEYOR HAS MADE NO INVESTIGATION OR INDEPENDENT SEARCH FOR EASEMENTS OF RECORD, ENCUMBRANCES, RESTRICTIVE COVENANTS, OWNERSHIP TITLE EVIDENCE, OR ANY OTHER FACTS THAT A CURRENT TITLE SEARCH MAY DISCLOSE.
3. THIS PLAT WAS PREPARED FOR THE EXCLUSIVE USE OF THE PERSON, PERSONS OR ENTITY NAMED HEREON. THIS PLAT DOES NOT EXTEND TO ANY UNNAMED PERSON, PERSONS, OR ENTITY WITHOUT THE EXPRESS RECERTIFICATION OF THE SURVEYOR NAMING SUCH PERSON, PERSONS OR ENTITY.
4. THE FIELD DATA UPON WHICH THIS PLAT IS BASED WAS GATHERED BY AN OPEN TRAVERSE AND HAS A CALCULATED POSITIONAL TOLERANCE OF 0.03 FEET. THIS PLAT HAS BEEN CALCULATED FOR CLOSURE AND IS FOUND TO BE ACCURATE WITHIN ONE FOOT IN 42,677 FEET. A GEOMAX ZOOM 90 SERIES ROBOTIC TOTAL STATION WITH CARLSON SURVEY 2 DATA COLLECTOR WERE USED IN THE COLLECTION OF FIELD DATA.
5. BEARINGS SHOWN WERE COMPUTED FROM ANGLES TURNED FROM A SINGLE MAGNETIC OBSERVATION.
6. THIS PROPERTY IS SUBJECT TO CURRENT ZONING REGULATIONS AND RESTRICTIONS.
7. ALL REBARS SET ARE 1/2" REBARS UNLESS OTHERWISE NOTED.
8. THE EXISTENCE, SIZE, AND LOCATION OF IMPERVIOUS BUFFERS ARE SUBJECT TO FINAL DETERMINATION BY THE LOCAL ISSUING AUTHORITY, CITY, OR COUNTY.
9. THIS PROPERTY IS SUBJECT TO ANY AND ALL RIGHT-OF-WAYS BY THE CITY OF MARIETTA, COBB COUNTY GEORGIA AND/OR THE STATE OF GEORGIA.

SURVEYOR'S CERTIFICATE

This plat is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated hereon. RECORDATION OF THIS PLAT DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Regulation for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. Section 15-6-67.

GENERAL NOTES

1. 1/30 VENTILATION MIN. AREA FOR ATTIC AND UNDER FLOOR (WHICHEVER APPLIES.)
2. FAN, IF NO WINDOW IN BATH, AND GFT REQUIRED IN ALL WET ROOMS.
3. 8% MIN. LIGHT AND 4% MIN. VENTILATION AREA IN ALL HABITABLE ROOMS, EXCEPTIONS PER C.A.B.O.
4. DOUBLE FLD. JOISTS UNDER ALL PARALLEL PARTITION WALLS AND SOLID CONTINUOUS 2x SOLID BLOCKING UNDER ALL PERPENDICULAR PARTITION WALLS. ALL LOAD BEARING WALLS TO HAVE DESIGNER BEAM OR WALL UNDER.
5. FIRESTOPS IN ALL WALLS, ATTIC FLOOR CHASES, SOFFITS PER C.A.B.O.
6. PRESSURE TREATED OR DECAY RESISTANT WOOD REQUIRED @ ALL CONTACT WITH CONCRETE AND EXPOSURE TO WEATHERING CONDITIONS.
7. 1/2" MIN. SIKERAILING (4" WIDE AREA PLATE TO PLATE) OR 1 x 4 LET-IN OR APPROVED METAL STRAPS WALL BRACING REQUIRED FOR STRENGTHENING WALLS FOR MIDRANGE SEISM. THIS IS TO BE ACCOMPLISHED AT 25'-0" O.C. AND ALL CORNERS, AT ALL LEVELS WITH WOOD FRAMING. LET-INS AS CLOSE TO 45 DEGREES AS POSSIBLE.
8. TEMPERED GLASS REQUIRED WHEN STILL IS LESS THAN 18" A.F.F., 24" FROM EXT. DOOR OPENING, AND WITHIN 60" VERT. AND ABOVE TUB OR SHOWER ENCLOSURE.
9. 6'-8" MIN. HEAD CLEARANCE REQUIRED ABOVE STAIR AT ANY POINT. MIN. OF 34" HGT. HANDRAIL REQ. AT STAIR WHEN 30" OR MORE ABOVE ADJACENT LEVEL, AND 30" -38" RAIL WHEN WALLS BORDER STAIR.
10. 36" MIN. HGT. RAILING @ ALL BALCONY, PORCH, DECK OR WHERE HGT. DIFFERENCE IS 30" OR HIGHER.
11. 3'-0" MIN. ACCESS WIDTH THROUGH-OUT STRUCTURE INTERIOR, I.E. STAIR, HALL, ETC.
12. 22" x 30" MIN. ATTIC ACCESS REQUIRED.
13. 20" x 24" MIN. OPENING SIZE REQ. W/ 44" MAX. STIL. HGT. AT ONE WINDOW IN EACH BEDROOM FOR EMERGENCY EGRESS. A DOOR CAN SUBSTITUTE FOR TYPED EGRESS.
14. 7 3/4" MAX RISER HGT. AND 9" MIN TREAD WIDTH AT ALL STAIRS.
15. 1/2" GYP. BOARD REQ. UNDER ALL STAIRS THAT USE THE AREA AS A HABITABLE ROOM.
16. 1/2" GYP. BOARD REQ. ON GARAGE SIDE OF STUDS AND JOISTS THAT ABUT A HABITABLE AREA.
17. DUAL GLAZING REQ. IF GLAZING AREA EXCEEDS 10% OF FLOOR AREA AND R-13 INSULATION REQ. IF GLAZING AREA EXCEEDS 14% OF FLOOR AREA.
18. A LIGHT GLAZE MECHANICAL CONNECTION IS REQ. AT THE BOTTOM OF ALL POST OR BUILT-UP POST. WHEN SUPPORTING A POST, BEAM, FLOOR OR ROOF STRUCTURE ABOVE, THAT CAN RESTRAIN POST FROM ANY MOVEMENT.
19. ALL CHIMNEYS TO BE 2'-0" HIGHER THAN ROOF 10'-0" AWAY HORIZONTALLY.
