* **20181367** **Revised Detailed Plan - Manget Ph. IV Elevations**

Motion to approve the request by Brock Built for approval of the attached house elevations for Phase 4 of the Manget development.

In order to ensure that homes built within the Manget development are built consistent with the 4-Sided Architecture definition, the following language shall be adopted. The homes in the community shall be traditional in nature, and consistent with the house elevations submitted and signed by Brock Built Homes and approved by the City of Marietta, dated January 9, 2019. Design features, standards, and requirements incorporated in the homes shall be as follows:

a. Mixture of materials, with material changes taking place on the interior corners or where roof massing accommodates the change of materials. Mixture of the materials should continue, as appropriate, onto the side and rear elevations, i.e. water tables.

b. Window muntins appropriate to the style of the home on all four sides of the residence.

c. Shutters on front, side and rear elevations of the homes, where they can be seen from public or private streets or alleys, and where functionally appropriate.

d. There shall be a maximum of 20 feet horizontally and vertically between architectural fenestration elements (windows, false shutters, change of material, etc.), except on basement level. This will eliminate large expanses of a single material without a break and add architectural interest to the elevations.

In the event of a disagreement as to being four-sided architecture, the City Manager of the City of Marietta, GA shall be the final arbiter of the plan meeting the criteria.

1. The driveway and temporary construction easements shall terminate upon the earlier of (a) one year from the start of construction on the property; or (b) completion of construction on the property.
2. Owner reserves the right to comment upon and negotiate the City's proposed conveyance documents.
3. The City's Work shall be conducted in compliance with applicable laws and in conformity with engineering standards. The road work shall not impede pedestrian or vehicular access to/from the Property without prior coordination with the property owner and/or tenant or impair the visibility or otherwise impact any freestanding signage situated on the Property.
4. City, at its sole cost and expense, shall restore the Property to the condition as it existed prior to City's entry onto the Property and performance of the City's Work. Provided that Grantor gives Grantee notice within fifteen (15) days after the termination or expiration of the easement(s) specifying any deficiencies related to the performance of city work, city's obligation to restore the property shall survive termination or expiration of the easement(s) and Grantee shall be given a reasonable time thereafter to correct the city's performance of the work. The city reserves the right to comment upon any deficiencies.
5. Grantor makes no representations or warranties of any kind, either express or implied, with respect to the Property or condition thereof.
6. City accepts the Property as is, where is, with all faults.
7. Current plans indicate that the sign on the property will not be impacted. However, should the sign be impacted, Owner will provide a commercially reasonable quote for the City of Marietta to replace the sign in accordance with City Code requirements and City will pay the same to Owner, along with any reasonable additional costs actually expended upon completion of the sign repair or replacement work.
