Description of Proposed Project (attach additional sheets if necessary): Existing front door stoop has no cover and has resulted in water damage to the front door, molding, and in the structural framing underneath front door. Proposing to replace front door and add a historically appropriate portico. The attached image shows the exact style door and portico we are proposing to deter future water intrusion and add to the curb appeal of the home.

I hereby affirm that the information supplied on this application is correct and if found to be incorrect that any permit issued pursuant to this application may be void.
