STAFF ANALYSIS

Location Compatibility

The applicant is requesting to rezone 888 & 898 Powder Springs Street, currently zoned R-2 (Single Family Residential – 2 units/acre) to PRD-SF (Planned Residential Development – Single-Family). The properties – totaling 3.15-acres - are located at the corner of Powder Springs Street and Hickory Drive and within the City’s Commercial Corridor Overlay District - Tier B and Dobbins Air Reserve Base AICUZ Overlay District – Accident Potential Zone II (APZ-II). The surrounding properties are also zoned R-2 and within the Commercial Corridor Overlay District - Tier B. Despite the designation within the Commercial Corridor Overlay District, the site has always functioned as a residential property. The APZ-II is identified as the area with that has the least but measurable risk of accidents within the runway path from Dobbins ARB.

Use Potential and Impacts

The applicant is proposing to develop eleven (11) single family detached units within a 3.15-acre tract, which will yield a density of 3.49 units/acre. A new private road would be constructed to provide access to the new homes off of Hickory Drive. The new development would include required open space, additional parking near the entrance, and a mail kiosk.

The plan submitted is a general plan that is required with the rezoning application; and based on the information provided, the overall design of the subdivision appears to generally comply with the PRD-SF standards. The minimum lot size is approximately 5,400 square feet and the minimum floor area is 1,800 square feet. The open space area is at 0.87 acres, approximately 27.6% of the total site.

The proposed homes will have two-stories and some units will include a basement. Although there were no elevations submitted, the applicant has indicated that the exterior facades will include four-sided brick and/or stone with hardy plank siding; and each home will have a patio in the rear. A detailed plan will be submitted for City Council approval prior to site development and will include a more detailed site plan, tree plan, and architectural elevations.

The City’s Comprehensive Plan has designated the future land use for the property as Low Density Residential, LDR. LDR is appropriate for detached residential homes at a density up to four (4) units per acre. As compared to the surrounding communities, the proposed development would have a slightly higher density, which would be an appropriate transition between existing communities and a highly travelled thoroughfare. PRD-SF is listed as a compatible zoning and this proposal is supported by the City’s Comprehensive Plan.

Environmental Impacts

The property is heavily wooded and would be significantly cleared during the development process. There is a pond on the adjacent property to the east that is protected by state and city buffers that extend into the rear portion of lots four (4) to eight (8). Since the lot was platted after 2006, the property would not be eligible for city stream buffer variances. There is also the potential for wetlands on the site.

Economic Functionality

This area of the city is highly desirable for residential use and is easily accessible. The current R-2 zoning would allow six (6) single family homes on 3.15 acres.

Although the properties are shown as two (2) separate parcels, they were recently combined into one parcel known as 888 Powder Springs Street. Prior to the combination, 898 Powder Springs Street was a substandard lot created from an illegal subdivision years ago.

Infrastructure

The proposed new road into the subdivision would intersect with Hickory Drive and is shown to meet all standards for a local road in Section 730 of the zoning ordinance. Sidewalks are shown internally along one side of the development and would be required to continue along the Hickory Drive and Powder Springs Street frontages.

The proposed new road intersects very close to the intersection of Hickory Drive and Powder Spring Street. The Public Works Department would require the developer to demonstrate adequate line of sight at the entrance and would also require a traffic study. Further, it has been noted that the stormwater outfall may be a challenge due to the topography of the site.

The serving elementary school would be Hickory Hills. Currently, Hickory Hills is below capacity; however, the serving middle and high schools are above capacity. There is a projected number of five (5) students to be added from proposed development.

Provision of water and sewer is not anticipated to be a problem.

Overhead Electrical/Utilities

There are overhead utilities along Powder Springs Street in front of the subject property. However, the applicant is proposing a 25-foot landscape buffer providing a safe distance between the overhead utilities and proposed buildings.

History of Property

There are no variances, special land use permits or rezonings associated with the subject property.

Other Issues

Since single family residences are exempt from the Commercial Corridor Design Overlay District – Tier B standards and would not apply to the proposed development. However, the developer will be required to notify Dobbins ARB prior to development.

PRD-SF is a site-specific zoning which requires a general plan for the rezoning application. However, at a later time the City Council will be required to review and approve the detailed plan, including site layout plan, tree plan, and architectural elevations, prior to construction.

The following standards, which have historically been applied to all PRD-SF developments, are technically only applicable to attached dwelling neighborhoods. As a result, the following **would not be required** of this detached neighborhood, unless specifically stipulated:

- a) A mandatory homeowners association shall be created that will be responsible for the upkeep and maintenance of all front yards and common areas including all fencing, landscaping, amenities and buffers, and shall include architectural control oversights for the development. Those projects containing ten (10) units or less, and considered redevelopment, conversion or remodeling of existing units shall be exempt from this requirement.*
- b) Materials to be used on exterior facades of all buildings shall include brick, stone, stucco (not EFS type) or fiber-cement siding, or combinations of those materials. No vinyl, aluminum or metallic siding may be used.*
- c) The townhouses shall be “for sale” only, and no more than five percent (5%) of all the homes within the residential development shall be allowed to be renter occupied at any time.*
- d) The development shall be constructed and governed in conformity with the requirements of the Georgia Condominium Act (O.C.G.A. §44-3-70, et seq.). A Declaration of Condominium shall be submitted and recorded in compliance of this act.*
- e) All townhouses shall have two-car garages, and the parking pads/driveway in front of the garage shall be a minimum of 20 feet in length in order to accommodate two additional cars. The garages shall be used for the parking and storage of vehicles and may not be enclosed to provide for additional residential space. A recital of this requirement shall be contained within the Covenants to ensure enforcement.*

- f) A guest parking area shall be provided at a ratio of 0.2 spaces per dwelling unit.*
- g) The development shall comply with all recommendations from the City of Marietta Public Works Department with respect to hydrology, stormwater management, downstream considerations and any donation and/or conveyance of right-of-way that is deemed necessary.*
- h) A 150-foot acceleration lane and a 150-foot deceleration lane with appropriate tapers shall be constructed if required by the Public Works Department.*
- i) A recreation area shall be provided at a ratio of 1 acre per 50 units (or a proportional percentage thereof) with a minimum of 10,000 square feet provided. Such area shall be developed with at least one passive recreational feature, such as a walking trail, pavilion, gazebo or picnic area, and at least one active recreational feature, such as a swimming pool, playground or tennis courts. Active recreational areas must be outside of any floodplain area and located in such a manner that at least 75% of the townhouses are within 300 feet, as measured from the building footprints. Any recreation area, whether passive or active, must be located in an area with a slope of less than 15%; however, all recreation areas must meet ADA requirements for accessibility. Active recreational areas must be improved through the use of terracing or other techniques to provide a usable area, such that at least 25% of the entire recreational area shall have a slope of no greater than 3%.*

ANALYSIS & CONCLUSION

The applicant is requesting to rezone 888 & 898 Powder Springs Street, currently zoned R-2 to PRD-SF. These 3.15-acres are located at the corner of Powder Springs Street and Hickory Drive. Surrounding properties contain single family detached homes that are also zoned R-2.

The applicant is proposing to develop eleven (11) single family detached units within a 3.15-acre tract, which will yield a density of approximately 3.49 units/acre. The proposed homes will have two-stories and some units will include a basement. Although there were no elevations submitted, the applicant has indicated that the exterior facades will include four-sided brick and/or stone with hardy plank siding; and each home will have a patio in the rear. A detailed plan will be submitted for City Council approval prior to site development and will include a more detailed site plan, tree plan, and architectural elevations. Otherwise, the overall design of the subdivision appears to generally comply with the PRD-SF standards.

The property is heavily wooded and would be significantly cleared during the development process. There is a pond on the adjacent property to the east that is protected by state and city buffers that extend into the rear portion of lots four (4) to eight (8). There is also the potential for wetlands on the site.

The proposed new road accesses Hickory Drive very close to the intersection of Hickory Drive and Powder Spring Street. The Public Works Department would require the developer to demonstrate adequate line of sight at the entrance and would also require a traffic study.

The City's Comprehensive Plan has designated the future land use for the property as Low Density Residential, LDR. LDR is appropriate for detached residential homes at a density up to four (4) units per acre. As compared to the surrounding communities, the proposed development would have a slightly higher density, which would be an appropriate transition between existing communities and a highly travelled thoroughfare. PRD-SF is listed as a compatible zoning and this proposal is supported by the City's Comprehensive Plan.

DATA APPENDIX

CITY OF MARIETTA - WATER

Is a water line adjacent to the property?	Yes
If not, how far is the closest water line?	N/A
Size of the water line?	6" in Hickory with a 6" and 12" in Powder Springs St.
Capacity of the water line?	A fire flow test may be required
Approximate water usage by proposed use?	Not provided

CITY OF MARIETTA - WASTEWATER

Is a sewer line adjacent to the property?	Yes
If not, how far is the closest sewer line?	N/A
Size of the sewer line?	8" in Hickory Dr
Capacity of the sewer line?	A.D.F Peak
Estimated waste generated by proposed development?	Not provided
Treatment Plant Name?	Cobb County
Treatment Plant Capacity?	Cobb County
Future Plant Availability?	Cobb County

DATA APPENDIX CONTINUED

DRAINAGE AND ENVIRONMENTAL CONCERNS

Does flood plain exist on the property:	No
What percentage of the property is in the flood plain?	N/A
What is the drainage basin for the property?	Olley Creek
Is there potential for the presence of wetlands as determined by the U.S. Environmental Protection Agency?	Yes
If so, is the use compatible with the possible presence of wetlands?	No
Do stream bank buffers exist on the parcel?	Yes
Are there other topographical concerns on the parcel?	No
Are there storm water issues related to the application?	Yes
Potential presence of endangered species in the area?	No

Additional Comments:

- Full site development plans required
- Platted after 2006, so not eligible for city stream buffer variances
- Sidewalk required for frontage and along same side of street as units
- Demonstrate line of sight at entrance
- Stormwater outfall will be difficult based on existing topography

TRANSPORTATION

What is the road affected by the proposed change?	Powder Springs St & Hickory Dr
What is the classification of the road?	Arterial
What is the traffic count for the road?	42800
Estimated # of trips generated by the proposed development?	Daily unknown AM PM
Estimated # of pass-by cars entering proposed development?	Unknown
Do sidewalks exist in the area?	Opposite Side of Road
Transportation improvements in the area?	No
If yes, what are they?	

Additional Comments:

- Entrance is very close to Powder Springs St, would prefer it shifted as far away as possible from intersection. Consider right in/right out for entrance and a deceleration lane.
- Need a traffic study for the impact of the area.

EMERGENCY SERVICES

Nearest city or county fire station from the development?	54 Chestnut Hill
Distance of the nearest station?	0.5 Miles
Most likely station for 1 st response?	54
Service burdens at the nearest city fire station (under, at, or above capacity)?	under

Comments:

Homes could be subject to fire sprinkler ordinance, depends on distances from the property lines and any adjacent structures. Marietta City Code 2-6-140.

MARIETTA POWER - ELECTRICAL

Does Marietta Power serve this site? Yes x No

If not, can this site be served? Yes No

What special conditions would be involved in serving this site?

Additional comments:

REQUIRED INFORMATION

Applicant must submit the following information by 4:00 p.m. on or before the application deadline. Failure to submit any item, or any additional information that might be requested, on or before the deadline will result in the application being held until the next scheduled meeting of the Planning Commission.

1. The original application must be submitted with ALL ORIGINAL SIGNATURES - Copies of the application or signature(s) will NOT be accepted. ALL rezoning submittals must include proposed plans, supplementary material, etc. in Adobe Acrobat on computer disk.
2. Legal Description. Legal description must be in a WORD DOCUMENT.
3. Application fee (\$500)
4. Copy of the deed that reflects the current owner(s) of the property.
5. Copy of current tax bill showing payment or a certification from the City of Marietta Tax Office stating that taxes have been paid.
6. Site plan, plat or survey prepared by an architect, engineer (P.E. or Civil Engineer), Landscape Architect or Land Surveyor whose state registration is current and valid, and whose seal shall be affixed to the site plan/plat/survey.
Copies Required: One (1) - (8 1/2" x 11") -or- (11" x 17") drawn to scale. Optional Additional Plat size: (24"x 36").
 If providing (24"x 36") then 5 copies REQUIRED.
 The following information must be included:
 - Specific use or uses proposed for the site
 - Acreage, bearing and distances, other dimensions, and location of the tract(s)
 - Locations, sizes and setbacks of proposed structures, including the number of stories and total floor area
 - Detention/retention areas, and utility easements
 - Public or private street(s) - right of way and roadway widths, approximate grades
 - Location and size of parking area with proposed ingress and egress
 - Specific types and dimensions of protective measures, such as buffers
 - Landscaping
 - Wetlands, stream buffers, and 100 year floodplain
7. A detailed written description of the proposed development/project must be submitted with the application.

CAMPAIGN CONTRIBUTIONS

INTRODUCTION TO SPRINGFIELD RESIDENTIAL DEVELOPMENT

The subject property is 3.15 acres of land located at 888 Powder Springs Street, Marietta Georgia 30064 and 898 Powder Springs Street, Marietta Georgia 30064. The current zoning is R-2. The applicant, Mona Properties Incorporated, is requesting said property to be rezoned to Planned Residential Development - Single Family (PRD-SF) to allow for eleven (11) single family detached dwellings. The Applicant respectfully requests rezoning pursuant to the provisions set forth in the City of Marietta Zoning Ordinance § 708.09.

DESCRIPTION OF PROPOSED DEVELOPMENT

1.) Entrance and Border of the Development

The Springfield Subdivision main entrance will incorporate monuments comprised of square columns, approximate 30 inches X 30 inches X 72 inches high, constructed of brick and/or stone. From Hickory Drive into the Subdivision there will be two (2) square brick and/or stone columns approximate 24 inches X 24 inches X 60 inches high. Along Powder Springs Street, we will build ten to twelve (10-12) brick and/or stone columns approximate 24 inches X 24 inches X 60 inches with a wood privacy fence between the columns. We will also incorporate custom landscaping in front of the columns to allow for subtle up lighting to light and enhance the privacy and aesthetic appeal of this property.

2.) Description of the Single-Family Homes

Springfield Subdivision will include eleven (11) single family detached houses. The development will incorporate a mailbox kiosk with three (3) parking spots (including one handicap space) at the entrance to the subdivision. The single-family homes will be a minimum of 1800 square feet up to approximately 2500 square feet in size. The houses will be two story construction. The majority of the homes will be built on a slab and two or three houses might include a basement depending on the grade and suitability for a particular lot and the demand for the basement option. The exterior of the houses will be four sides brick and stone up to four-feet-high and hardy plank siding above the brick and stone. The roof covering will be Architectural Shingles and all exterior doors and windows will be PVC or aluminum. The subdivision will include concrete driveways, sidewalks and backyard concrete patios. The front yard and backyard of each home will include Bermuda sod with an irrigation system.

3.) Springfield Subdivision Site Plan

The Springfield Subdivision proposed site plan is attached. This unified plan was designed to optimize and foster natural resource conservation and provide neighborhood cohesiveness. It was also designed to conserve and create open space, reduce vehicle congestion by providing a stable, planned development that enhances the greater community. The property will remain underutilized and the proposed redevelopment will not be feasible without the zoning change.

TO: Marietta Daily Journal

FROM: City of Marietta

RUN AD DATE: April 17, 2020

**CITY OF MARIETTA
PUBLIC NOTICE OF REZONINGS**

The City of Marietta hereby gives notice that a public hearing will be held on the following by the Planning Commission on **Tuesday, May 5st, 2020, 6:00 P.M.**, City Hall, for a recommendation to the City Council at their meeting on **Wednesday, May 13th, 2020, 7:00 p.m.**, City Hall, for a final decision to be made.

Z2020-11 [REZONING] ALI GHADRAN (STEPHEN THOMPSON) are requesting the rezoning of 3.15 acres located in Land Lots 140 & 141, District 17, Parcel 0200 of the 2nd Section, Cobb County, Georgia, and being known as 888 (& 898) Powder Springs Street from R-2 (Single Family Residential – 2 units/acre) to PRD-SF (Planned Residential Development – Single Family). Ward 2B.

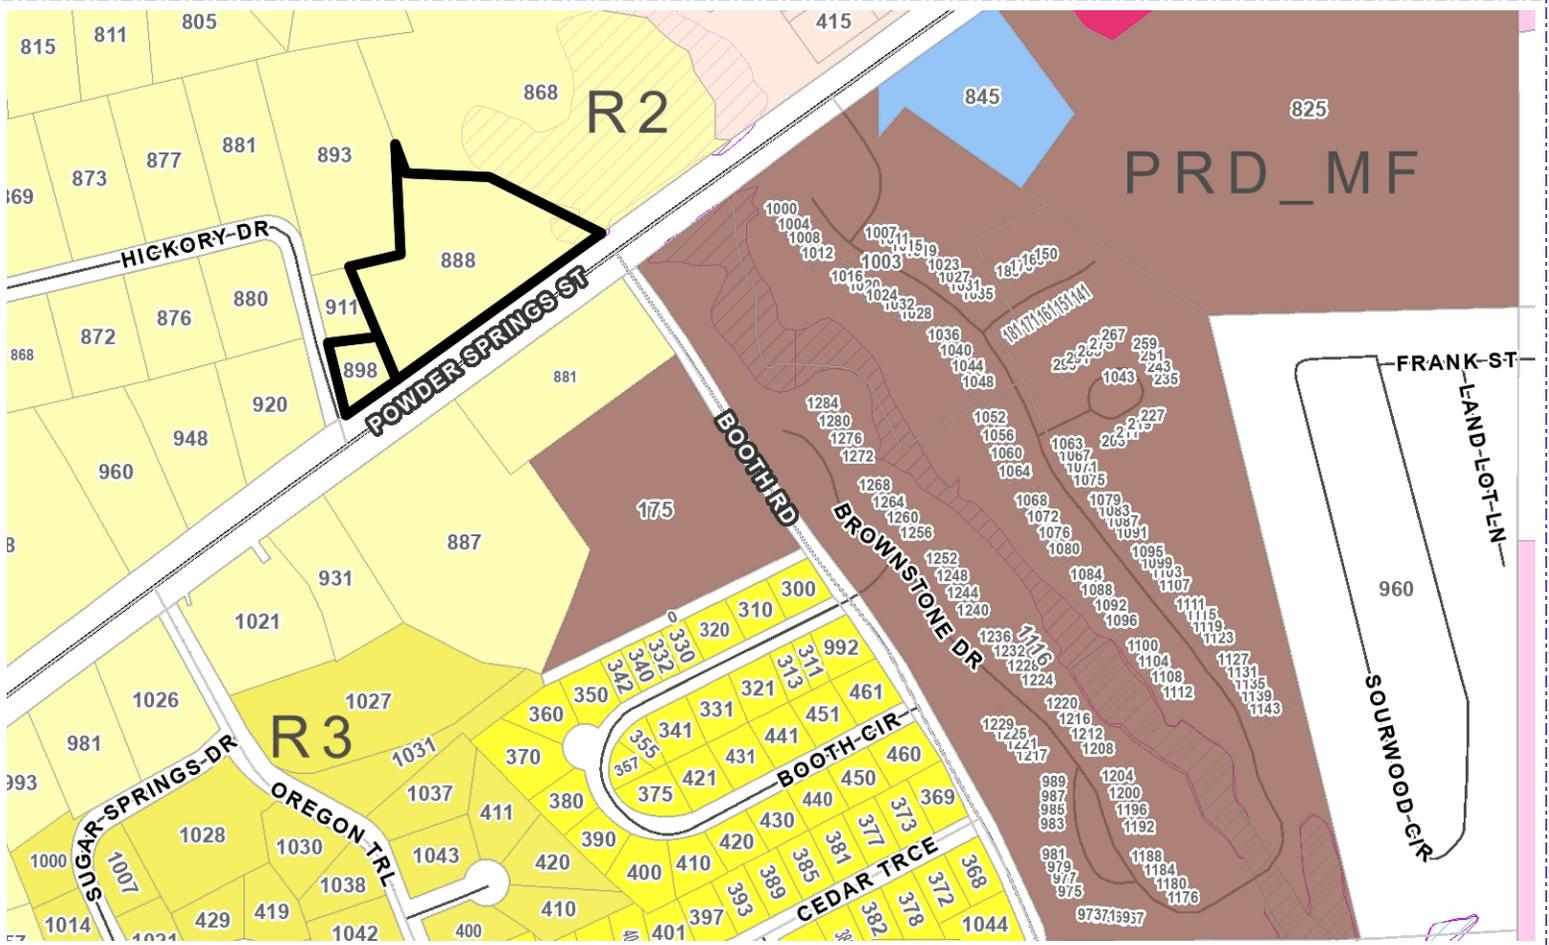

A description and plat of the property sought for the rezoning, special land use permit, and variances are on file in the Planning and Zoning Office, City Hall, and is available for inspection between 8:00 A.M. and 5:00 P.M., Monday through Friday. Anyone wishing to attend may do so and be heard relative thereto. You may also review the property file at www.mariettaga.gov and enter the case # in the search box.

For additional information please call the Planning and Zoning Office (770) 794-5669.

Accessibility to Meetings: If you believe you may need the City/BLW to provide special accommodations in order to attend/or participate in any of the above meetings, please call ADA Coordinator at 770-794-5558 no later than 48 hours before the date of the above meeting.
