

**STAFF REVIEW AND RECOMMENDATION**

**Variance Case #: V2020-16**

**Legistar #: 20200322**

**Board of Zoning Appeals Hearing:**

**Monday, May 18, 2020 – 6:00 p.m.**

**Property Owner: 1053MSP LLC/Rutvik Emil Dmello  
1 Glenlake Parkway NE  
Suite 700  
Atlanta, GA 30328**

**Agent: Parks Huff, Esq.  
Sams, Larkin, & Huff, LLP  
376 Powder Springs Street  
Suite 100  
Marietta, GA 30064**

**Address: 1053 Sandy Plains Road**

**Land Lot: 0780 District: 16<sup>th</sup> Parcel: 0120**

**Council Ward: 6B Existing Zoning: CRC (Community Retail Commercial)**

**Special Exception / Special Use / Variance(s) Requested:**

1. Variance to reduce the undisturbed buffer from 40 ft. to 5 ft. along the northern portion of the property line [*§716.08 (I)*]

**Statement of Fact**

As per section 720.03 of the Comprehensive Development Code of Marietta, the Board of Zoning Appeals may alter or modify the application of any such provision in the Development Code because of unnecessary hardship if doing so shall be in accordance with the general purpose and intent of these regulations, or amendments thereto, and only in the event the board determines that by such alteration or modification unnecessary hardship may be avoided and the public health, safety, morals and general welfare is properly secured and protected. In granting any variance the board of zoning appeals shall designate such conditions in connection therewith as will, in its opinion, secure substantially the objectives of these regulations and may designate conditions to be performed or met by the user or property owner, out of regard for the public health, safety, comfort, convenience, and general welfare of the community, including safeguards for, with respect to light, air, areas of occupancy, density of population and conformity to any master plan guiding the future development of the city. The development costs of the applicant as they pertain to the strict compliance with a regulation may not be the primary reason for granting a variance.

---

**Criteria:**

1. Exceptional or extraordinary circumstances or conditions *are/are not* applicable to the development of the site that do not apply generally to sites in the same zoning district.
2. Granting the application *is/is not* necessary for the preservation and enjoyment of a substantial property right of the applicant, and to prevent unreasonable property loss or unnecessary hardship.
3. Granting the application *will/will not* be detrimental or injurious to property or improvements in the vicinity of the development site, or to the public health, safety, or general welfare.

*Subject property along Sandy Plains Rd*

**Recommended Action:**

**Approval with stipulations.** The property owner, 1053MSP LLC, is requesting a variance for the property at 1053 Sandy Plains Road in order to reduce the undisturbed buffer adjacent to residential homes. The property is approximately 0.93 acres in area and is located near the corner of Sandy Plains and Addison Road. Adjacent properties immediately to the east and west are also zoned CRC and include a car wash and a fast food restaurant. To the north, the adjacent properties are located in unincorporated Cobb County and are zoned R-20 (Single-Family Residential – 20,000 square foot lot size); the property directly south of the subject property, across Sandy Plains Road, is zoned PID (Planned Industrial Development).

The property is a wooded lot that has never been developed. The applicant would like to develop a two-story commercial building with first floor retail businesses and second story offices. The Zoning Ordinance requires properties zoned CRC to maintain a forty (40) foot wide undisturbed buffer that is intended to screen views and diffuse sound along any property line abutting a residential district. Building setbacks are to be applied in addition to (not overlapping) the buffer.

As shown on the proposed site plan, the owner is requesting to reduce the undisturbed buffer to five (5) feet with a wooden privacy fence in order to provide forty-three (43) parking spaces for the 11,900 square foot building. Parking requirements for retail space is one for every 250 square feet, while offices require one for every 350 square feet. The applicant has provided all parking

towards the rear of the property, away from public view, which allows the front setback to be reduced up to 50% [ $\S$ 716.07 (F)].

Two (2) residential properties, 1048 and 1050 Plainview Drive in Cobb County, would be directly impacted by the buffer reduction. The application claims the buffer reduction is necessary because the property is small and narrow. However, the site is nearly an acre in size and the buffer encroachment could be minimized or eliminated by reducing the building area. The applicant has stated that they would replace the existing chain-link fence with an opaque fence along the rear of the property.

The fast food restaurant immediately to the west (1043 Sandy Plains Road) was granted a reduction in the 50 ft. buffer as part of a rezoning case in 1990. Per Z-9021, the buffer was reduced to 10 ft. wide on the north and east side of the property with the installation of a 6' tall wood fence. The car wash immediately to the east, 1813 Addison Road, was granted a reduction in the required buffer from 40' to 20' with an 8' tall wood fence (Z2004-29).

To maintain consistency with what has been granted for surrounding properties, ***staff recommends approval of the requested variance with the following stipulations:***

- ***The buffer may be reduced to no less than twenty (20) feet but may be disturbed and replanted.***
- ***The existing chain link fence be replaced with a 6' tall wood privacy fence with the finished side facing the exterior.***
- ***The buffer shall contain two (2) staggered rows of evergreen trees, with 10 ft. spacing, and at a minimum height of 5 ft. at installation.***

Although unrelated to variance request, the following site requirements should be noted:

- Two-way driveways must be at least 20' wide, exclusive of curb and gutter. One-way driveways must be at least 14' wide, exclusive of curb and gutter.
- A planter island is required in between every twelve (12) parking spaces and be a minimum 125 square feet in area and contain at least one non-pine species tree (minimum two-inch caliper and ten feet in height). One additional planter island will be required in the row of sixteen (16) continuous parking spaces towards the northern portion of the property.
- CRC is limited to 80% impervious surface coverage.
- Accessory structures must be at least 10' from any property line.
- Metal siding may not be used on any side of a building facing a roadway.

Re: Variance Application of 1053MSP LLC regarding a .911± Acre Tract located in Land Lots 779 and 780, 16<sup>th</sup> District, known as 1053 Sandy Plains Road, City of Marietta, Cobb County, Georgia.

Dear Shelby:

This firm has been engaged by and represents 1053MSP LLC concerning the above-captioned Variance Application. The property is zoned CRC and is in a Neighborhood Activity Center. The property fronts on Sandy Plains road and there are a series of other commercial businesses on this section of Sandy Plains Road. To the rear of the property are residential properties. The applicant proposes a commercial building that will have retail businesses and offices. The uses will be quieter than adjacent uses such as car washes, fast food restaurants, landscaping businesses and convenience stores. The applicant proposes to reduce the 40-foot buffer adjacent to residential property to a 5-foot replanted buffer with a wooden privacy fence. The buffer reduction is necessary because the property is relatively small and narrow. The proposed buffer is consistent with the other buffers in the area.

For all the reasons stated herein above and with all of the information and documentation which is before you, we respectfully request that the Variance Application be approved. Of course, during the pendency of the Application, I will be providing you and your staff with any necessary additional information, documentation and stipulations in order to facilitate the approval of this Application. In the interim, please do not hesitate to contact me should you have any questions whatsoever regarding these matters.
