

STAFF REVIEW

Variance Case #: V2020-31 **Legistar #:** 20200638

City Council Hearing: Wednesday, October 14, 2020 – 7:00 p.m.

Property Owner: Bhullar Holdings, LLC
248 Roswell Street
Marietta, GA 30060

Applicant: MPRC Automotive, LLC d.b.a. Grand Motorcars

Agent: Adam J. Rozen, P.C.

Address: 1860 Roswell Road

Land Lot: 1134 **District:** 16 **Parcel:** 00100

Council Ward: 7A **Existing Zoning:** CRC (Community Retail Commercial)

Special Exception / Special Use / Variance(s) Requested:

1. Variance to increase the allowable impervious surface from 80% to 95%. [*§708.16 (H)*]
2. Variance to allow planter islands in lieu of the 10-foot planted border area along Roswell Road as shown on site plan dated 6/9/20. [*§712.08 (G.2)*]
3. Variance to waive the 10-foot planted border area along the South Marietta Parkway frontage as shown on site plan dated 6/9/20. [*§712.08 (G.2)*]
4. Variance to reduce the landscape buffer as shown on site plan dated 6/9/20. [*§708.16 (I)*]
5. Variance to allow a detention pond within a buffer. [*§710.05 (B)*]
6. Variance to reduce the rear yard setback from 35’ to 11’ for the existing building. [*§708.16 (H)*]
7. Variance to reduce the setback from 2’ to 0’ and allow a 6’ tall chain link fence along the Roswell Road frontage. [*§710.04 (D.1)*]

Statement of Fact

As per section 720.03 of the Comprehensive Development Code of Marietta, the Board of Zoning Appeals may alter or modify the application of any such provision in the Development Code because of unnecessary hardship if doing so shall be in accordance with the general purpose and intent of these regulations, or amendments thereto, and only in the event the board determines that by such alteration or modification unnecessary hardship may be avoided and the public health, safety, morals and general welfare is properly secured and protected. In granting any variance the board of zoning appeals shall designate such conditions in connection therewith as will, in its opinion, secure substantially the objectives of these regulations and may designate conditions to be performed or met by the user or property owner, out of regard for the public health, safety, comfort, convenience, and general welfare of the community, including safeguards for, with respect to light, air, areas of

occupancy, density of population and conformity to any master plan guiding the future development of the city. The development costs of the applicant as they pertain to the strict compliance with a regulation may not be the primary reason for granting a variance.

Criteria:

1. Exceptional or extraordinary circumstances or conditions *are/are not* applicable to the development of the site that do not apply generally to sites in the same zoning district.
2. Granting the application *is/is not* necessary for the preservation and enjoyment of a substantial property right of the applicant, and to prevent unreasonable property loss or unnecessary hardship.
3. Granting the application *will/will not* be detrimental or injurious to property or improvements in the vicinity of the development site, or to the public health, safety, or general welfare.

Staff Review:

Bhullar Holdings, LLC is requesting multiple variances for the property at 1860 (aka 1850) Roswell Road, which operates as Grand Motorcars. The property is approximately three (3) acres, is zoned CRC (Community Retail Commercial), and is located at the southwestern corner of the intersection of Roswell Road and South Marietta Parkway. The Lantern Ridge Apartment complex is the only adjacent private property. Cobb County maps show the entrance drive, Lantern Ridge Drive on the southwestern side of the subject property, as being zoned GC (General Commercial) in Cobb County. The rest of the property is zoned RM-12 in Cobb County.

The issues with this property arose after a substantial amount of unpermitted paving was noticed by city staff late in 2019. A variance request granted in 2013 by the Board of Zoning Appeals had given the owner at the time permission to use gravel for vehicular storage. After a thorough site inspection in October 2019, staff found that most of site had been paved and cleared of all trees, as well as a new chain link fence installed along the Roswell Road frontage, without the proper

permits and approvals. The property owner was contacted and complied with staff's request to have drawings of the site prepared for staff to review. After a plan review by staff, it was determined that the recent work violated the following:

Residential Buffer

The additional paving included the area adjacent to the Lantern Ridge Apartments, which would typically require a forty (40) foot buffer because of the residential zoning. Aerial images from 2018 indicate that the buffer area was unpaved, contained trees and other vegetation, and was not being used for vehicular storage. The applicant is requesting to restore the buffer to twenty (20) feet wide instead of the required forty (40) feet. The submitted plans do not show any trees being replanted, which may be difficult due to the new modular retaining wall and plans to include a bioswale, which requires specific vegetation types that do not always include evergreen trees. A twenty foot buffer without trees would not be a very effective buffer. It should also be noted that a chain-link fence was installed on top of the retaining wall. Buffers are required to include a six (6) foot tall, opaque fence to aid with screening the site from the adjacent residences.

Impervious Surface & Setbacks

Staff has estimated that the site, with the new paving, is approximately 95% covered in impervious surfaces. Prior to the unpermitted work, the site was approximately 65% impervious surface. With the partial restoration of the buffer and installation of some tree islands proposed by the applicant, the impervious surfaces on the site would be reduced from approximately 95% to 88%.

The existing building was built in the early 1980s, according to the Cobb County Tax Assessor's Office, and is only eleven (11) feet from the rear property line. The City's redevelopment clause for nonconforming structures (Section 706) requires the entire site adhere to the Zoning Ordinance if construction costs exceed 50% of the replacement cost of the existing building. Based on the amount of work performed, a buffer and rear setback reduction would be required in order to allow the rear portion of the building remain.

Road Frontages and Tree Protection and Landscaping Ordinance

Street trees had been planted along the property's road frontage as a condition of the previously granted variances. The trees along the southern portion of the Roswell Road frontage were removed as part of the expanded paving project and a new 6' tall chain link fence installed at the right of way line. Street trees installed along the South Marietta Parkway frontage of the property were also removed. The City's Tree Ordinance requires a ten (10) foot wide planted (and unpaved) border area containing one 3" caliper, medium- or large- canopy tree every thirty (30) lineal feet along a road frontage. In lieu of restoring the planted buffer on both the South Marietta Parkway and Roswell Road frontages, the applicant is proposing to install four (4) tree islands in the parking area along Roswell Road.

Further, fencing placed in a front yard of property zoned CRC must be an ornamental or decorative material, no taller than four (4) feet, and set back at least two (2) feet from the right of way. The new chain link fencing does not comply with this requirement.

Also, a substantial portion of the new paving on the South Marietta Parkway extends across the property line into Georgia Department of Transportation (GDOT) right of way. The applicant will need to work with GDOT to correct this issue.

The applicant would be expected to replace the required tree density for the site. Street trees, buffer trees, and trees in parking lot islands all count towards the site density factor, which is 17 units per acre. A 3-acre site would be required to have 51 tree density units. The submitted plans show 15 new trees, which would yield a total of 9 units if they are 3" caliper in size. This would leave a deficit of 42 units; and under the alternative compliance section of the tree ordinance, the applicant could make a payment of \$23,100 to the Tree Fund to make up for that deficit.

Variance History

The Board of Zoning Appeals approved the following variances and stipulations in March 2013:

Variance to waive the minimum standards for parking and driveway surfaces so as to allow parking of vehicles on an untreated hardened surface with the following stipulations:

1. *All boat/RV storage areas must be covered with gravel, slate, stone, or other similar material. However, the material, as well as the size and depth of the material on site, must be approved by the Public Works Director. This material must be in place and approved by Code Enforcement and the Public Works Department prior to obtaining a business license to store boats/RVs on the property.*
2. *Street trees will be planted along the front of the road, but each tree is planted within the legal requirements set forth in the existing Tree Ordinance in the city of Marietta.*
3. *An opaque fence, covered with a dark green or black windscreen in areas except adjacent to street, must be installed along the property line between the subject property and the apartment complex. The fence must be installed within one year of the date of the approved variance.*
4. *The existing/abandoned "JOA Marine" pole sign must be reduced for height and change the fascia within one (1) year of the date of the approved variance.*

City Council approved the following variances in August 2014:

- *Variance to allow a pylon sign and a variance to relocate four street trees to the side yard of the property. (V2014-22)*

Stormwater

It should be noted that the applicant will be required to work with the City's Engineering Division to address any stormwater issues associated with the new paving.

City of Marietta
Department of Development Services
205 Lawrence Street
Marietta, GA 30060

Re: Variance Application of MPRC Automotive, LLC dba Grand Motorcars,
regarding a 3.0± Acre Tract located in Land Lot 1134 and 1171, 16th District, City
of Marietta, Cobb County, Georgia.

Dear Shelby:

This firm is engaged by and represents the applicant MPRC Automotive, LLC doing business as Grand Motorcars ("Applicant") concerning the above-captioned Variance Application being filed contemporaneously herewith. The Application is scheduled to be heard and considered by the City of Marietta Mayor and City Council on September 9, 2020.

The property at issue consists of one parcel at 1860 Roswell Road (also known as 1850 Roswell Road) located on the south east side of Roswell Road at its intersection with Lantern Ridge Drive and along the Georgia DOT right of way of the Marietta Loop/North Marietta Parkway. The subject property is zoned Community Retail Commercial ("CRC") and is in the Community Activity Center ("CAC") which stretches along much of the Roswell Road corridor and identifies the character of this area in and around the subject property. The subject property is also adjacent to nearby Cobb County properties which are zoned and utilized for commercial and multifamily developments which have coexisted with the nearby commercial developments and subject property.

Presently, the subject property is utilized for the Applicant's automobile sales facility which has successfully operated at this location and in the City for a number of years. The current use of the subject property is permitted under the CRC zoning and the owner intends to maintain the current use of the site but seeks approval to allow the site to continue operations in

its current development with modifications to accommodate landscaping and stormwater requirements.

Over the Applicant's ownership and operation of the subject property, it has conducted significant building and site renovations and improvements from its prior use and operations. The former operations allowed dilapidation of the subject property and the office building and operated on a gravel and partially paved parking lot. The Applicant made significant investment and improvements to the site and building as a whole; including maintaining the landscaping of the DOT row along Roswell Street, landscaping along the right of way along the Marietta Loop/North Marietta Parkway, fencing and paving site, and constructed a retaining wall along the rear of the property to protect the integrity of the site as it relates to the residential property to the rear and south of the subject property. The Applicant worked with the adjoining multifamily property owner throughout this process.

However, the improvement exceeds the impervious surface percentage of the site and does not comply with all stormwater management controls and zoning requirements. The purpose of this Application is to modify the site and building improvements to comply with the City Ordinance while recognizing the constraints of the existing conditions.

To do so, the Applicant will remove a significant portion of the paved area of the site for buffering and stormwater management, will install planter islands with street trees and will remove the site improvements from a portion of the DOT right of way which have existed for a number of years. While the Application seeks a number of variances to accommodate the improvements on the site, the site and its development is consistent with and much improved as compared to existing surrounding commercial and industrial uses along Roswell Road; which is an appropriate and positive consideration for the granting of this Variance Application.

Prior to the filing of this Application, the Applicant and its engineering representative, Mr. Steven T. Ellis of Pro Building Solutions and his team, met and corresponded with City Staff regarding the zoning conditions and stormwater management considerations in order to better understand how to comply with the City Ordinance and achieve a mutually beneficial resolution. These discussions continue today and will do so during the pendency of this Application.

TO: Marietta Daily Journal

FROM: City of Marietta

RUN AD DATE: September 25, 2020

**CITY OF MARIETTA
PUBLIC NOTICE OF VARIANCES**

The City of Marietta hereby gives notice that a public hearing will be held to give consideration to the following variance requests at the City Council meeting held on **Wednesday, October 14th, 2020, 7:00 p.m.**, City Hall, for a final decision to be made.

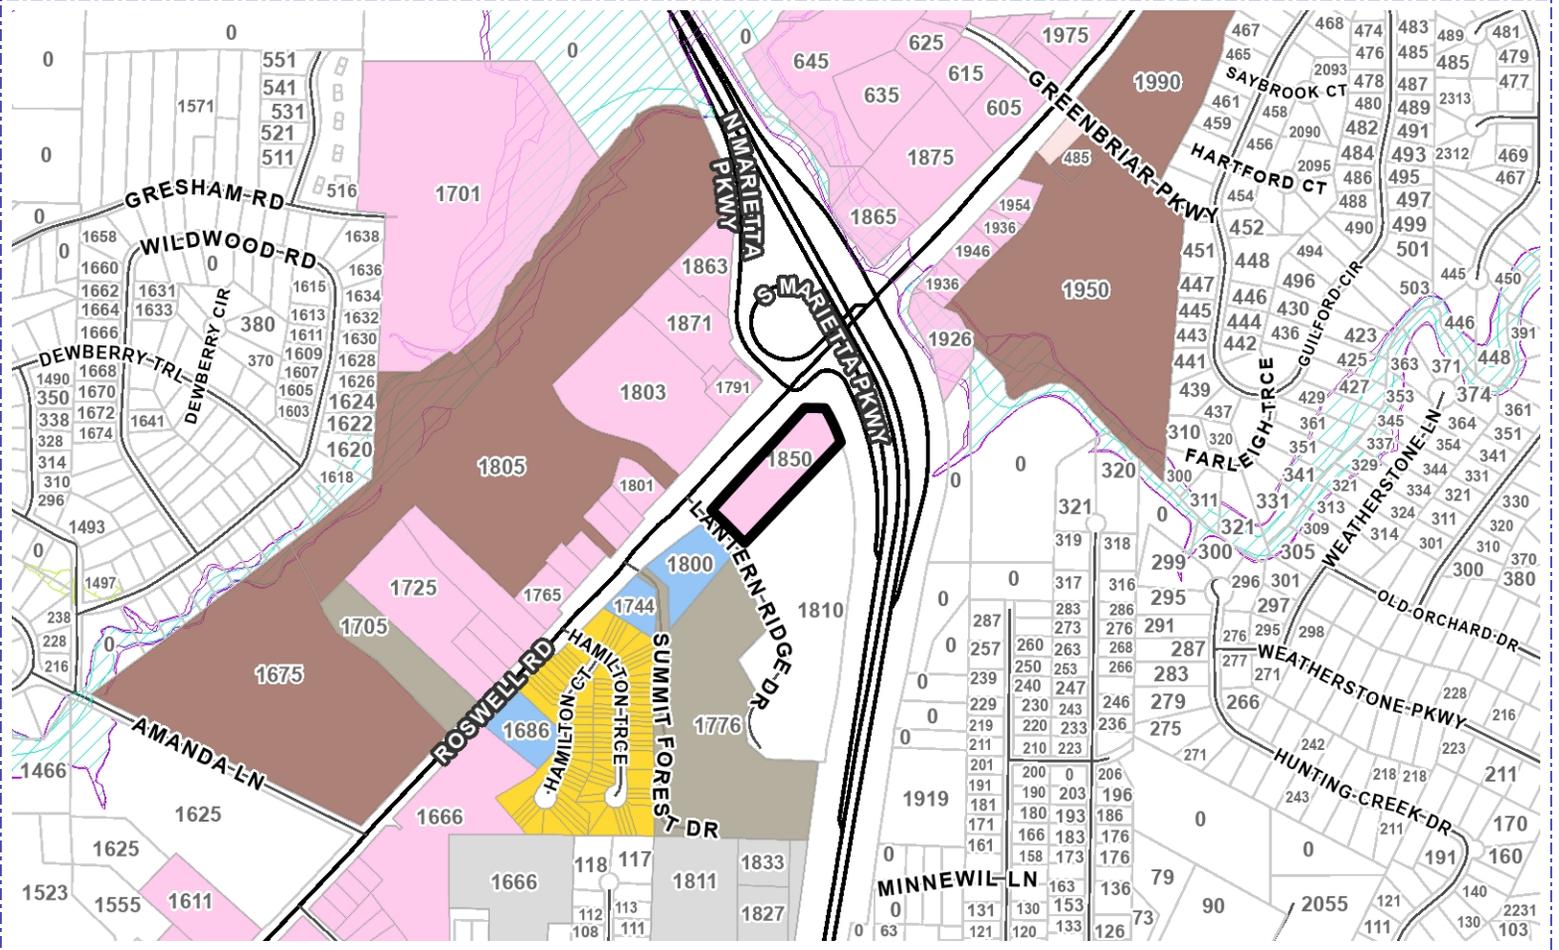

V2020-31 [VARIANCE] BHULLAR HOLDINGS, LLC is requesting variances for property located in Land Lot 1134, District 16, Parcel 0100, 2nd Section of Cobb County, Marietta, Georgia and being known as 1860 (aka 1850) Roswell Road. Variance to increase the allowable impervious surface from 80% to 95%; variance to allow planter islands in lieu of the 10 foot planted border area along Roswell Road as shown on site plan dated 6/9/20; variance to waive the 10 foot planted border area along the South Marietta Parkway frontage as shown on site plan dated 6/9/20; variance to reduce the landscape buffer as shown on site plan dated 6/9/20; variance to allow a detention pond within a buffer; variance to reduce the rear yard setback from 35' to 11' for the existing building; variance to reduce the setback from 2' to 0' and allow a 6' tall chain link fence along the Roswell Road frontage. Ward 7A.

A description and plat of the property sought for the rezoning, special land use permit, and variances are on file in the Planning and Zoning Office, City Hall, and is available for inspection between 8:00 A.M. and 5:00 P.M., Monday through Friday. Anyone wishing to attend may do so and be heard relative thereto. You may also review the property file at www.marietta.ga.gov and enter the case # in the search box.

For additional information please call the Planning and Zoning Office (770) 794-5669.

Accessibility to Meetings: If you believe you may need the City/BLW to provide special accommodations in order to attend/or participate in any of the above meetings, please call the ADA Coordinator at 770-794-5558 no later than 48 hours before the date of the above meeting.
