

**DEPARTMENT OF PUBLIC WORKS**

205 Lawrence Street  
P.O. Box 609  
Marietta, GA 30061-0609  
(770) 794-5650  
Fax (770) 794-5585

The City of Marietta Department of Public Works – Traffic Division inspects, fabricates, installs and maintains all street name signs as mandated by City Code. If not fabricated and installed for cost by the City of Marietta, signage must be approved by the Public Works Director, or designee Challa Bonja, Transportation Engineer, (770-794-5709), for the specific District in which the development is located, and whether it is public (green background) or private (blue background) street. Signage must be depicted on Site Plans for construction. See Sign specifications and details on the City Dept of Public Works website:  
<http://www.mariettaga.gov/city/cityhall/engineering>

**Street Name Signs**

- All traffic signs shall be retroreflective and meet minimum requirements for size, design and location specified in the Manual on Uniform Traffic Control Devices (MUTCD).
- Street name signs in residential areas shall be on minimum 12” plates.
- If development is in vicinity of City’s streetscape project where white background and black letters is used for street name signs, white background with black letters shall be used to match the streetscape signs except for private streets which shall be blue background with white letters.
- Street name signs in the City’s central business district (CBD) shall be black background with white letters.
- Street name signs in all other areas shall be on green background with white letters unless the existing street name signs in the area are already black letters on white background.
- Street name signs shall include the street address and quadrant information. The arrows on the address shall point in direction of increasing street address number (see sample).
- The sign plates shall be rectangular in shape except for Renaissance District which shall have sign toppers as shown on the sample

NOTES:  
 1. SIGN LENGTH TO BE AT 6" INCREMENTS BASED UPON LENGTH OF STREET NAME.  
 2. SEE ATTACHED STREET NAME DETAIL SHEET FOR ALL STREET ADDRESS, DIRECTION, AND ARROW INFORMATION TO BE INCLUDED ON SIGN.  
 3. MOUNTING OF 12" SIGNS TO BE COORDINATED WITH TIM COX AT CITY OF MARIETTA BOARD OF LIGHTS AND WATER.
