DIVISION 708
DISTRICT STANDARDS AND PERMITTED USES

708.13 RHR, Residential High-Rise

H. Purpose and Intent.

The RHR district is intended to provide suitable areas for high density residential dwellings with provisions for accessory uses and structures. This zoning district may serve as a transitional zone between commercial/office uses and residential districts of a lesser intensity.

I. Permitted Uses.

1. High rise apartments and condominiums.
2. Group homes, limited to one bed per 250 gross square feet of heated building space. Operator must obtain all necessary state certifications.
3. Fraternity and sorority houses and residence halls.
4. Assisted living, personal care and retirement home facilities, provided:
 - a) Such facilities must obtain all necessary state licenses and/or certifications.
 - b) The maximum number of beds permitted shall be determined by multiplying the site's acreage by the district's density limitation.
Ex. A 1.5 acre site could include 98 beds [(1.5 acres) x (65 DUA) = 98]
5. Retail trade, provided all sales and service activities are ancillary to the operation of the high-rise apartment development and are conducted wholly within the building housing the use to which such activities are accessory, provided that the floor space used shall be limited to the first floor.
6. Accessory uses and structures incidental to any legal permitted use.

C. Temporary/Conditional Uses Allowed by the Director.

1. Limited Home Occupations (see standards set forth in Section 712.04).
2. Garage Sales, provided:
 - a) Sales may not last more than 3 consecutive days and are limited to one sale every 3 months.
 - b) No consignment goods may be offered for sale.
 - c) Sales are conducted between the hours of 8:00 a.m. and 7:00 p.m.
 - d) One sign per property frontage is allowed, maximum 6 square feet in size.

D. Special Uses Permitted by Board of Zoning Appeals.

Halfway houses (see standards set forth in Section 712.02).

E. Special Uses Permitted by City Council

1. Places of assembly, private parks and playgrounds, and neighborhood recreation centers or swimming pools, provided:
 - a) Lighting shall be established in such a way that no direct light shall cast over any property line nor adversely affect neighboring properties.
 - b) Any building or structure established in connection with such use must be setback no less than 75 feet from any property line.
 - c) All pools must adhere to the standards of the Standard Swimming Pool Code, as amended.
- (See standards set forth in Section 712.01).

F. Accessory Structures.

1. All such structures shall be located upon the same lot and to the side or rear of the principal use at least 10 feet from side or rear lot lines. In cases of corner lots, the accessory structure may not be closer to any right-of-way than the principal building.

- 2. When an accessory building is attached to the principal building in any manner, it shall be deemed part of the principal structure and subject to all bulk and area requirements of same.
3. No accessory building shall be constructed upon a lot before the principal building.
4. If the accessory structure is a parking garage, up to 50% of the gross floor area of the ground floor level may be devoted toward commercial use oriented towards pedestrian traffic.
5. The height of accessory structures shall be limited to 50 feet but in no case exceed 33% of the mean height of the principal building.
6. Swimming pools must be enclosed by a fence not less than 5 feet in height with a self-closing, self-latching gate and must comply with all applicable safety and health ordinances.
7. Heating and air conditioning units may encroach 5 feet into the required rear or side setback.

G. Use Limitations.

- 1. All outside storage associated with non-residential uses must be stored in a side or rear yard and screened from all streets and adjacent properties by an opaque fence no less than six feet in height. The Director may approve the substitution of plantings for the required fence. Unenclosed carports and front porches may not be used for storing any materials other than firewood or recyclable materials within a city approved container.
2. When over 75% of the required parking is provided underground, a density bonus of 10 dwelling units per acre shall be allowed.
3. Each dwelling unit may contain a maximum of 4 domesticated animals weighing 3 lb. or more. This standard shall not apply to animals less than six months of age. No livestock are permitted.

H. Bulk and Area Regulations.

Table with 2 columns: Regulation Name and Value. Includes items like Minimum Tract Size (2 acres), Maximum Tract Size (10 acres), Maximum Density (65 dwelling units per acre), etc.

I. Landscape and Buffer Requirements.

When an RHR district abuts a more restrictive residential district or use, a 50-foot buffer shall be established. (see standards set forth in Section 710.05) Such buffer must include a solid fence or wall
