You'll need your Account Number and Cycle and Route Number to create an account. After completing this simple set-up process, you can log into Marietta Power and Water's Online Payment System anytime, day or night, all year round. In addition to paying bills, you will have access to your electric and water consumption, billing amounts, and payments — as far back as three years if you'd like.

eBilling Notifications

If you would like to receive your bill electronically, now is the perfect time to sign up for Marietta Power and Water's eBilling notifications. Instead of phoning in your request for the service, you can now set yourself up for the convenient billing option online. Here's how:

1. Go to the Marietta Power and Water website at www.mariettopowerandwater.com and click on the Pay Online link under Popular Pages.
2. Once you're on the Online Payment System page, enter your account number and password under Account Log-In.
3. Click on the Manage eBilling icon on the left side of your computer screen.
4. Select the Receive eBill statement option, enter your email address and click submit.

That's it! You'll be receiving your next bill via email.

Marietta Power and Water's online payment and pay-by-phone systems give you the power to spend more time and money on things other than paying your utility bills.

Both of these systems make it easy to pay your bills from the comfort of your home or office anytime, day or night. No checks. No stamps. No envelopes. No extra trips to the mailbox.
