

Amended to add CDBG Cares Act funds to the PY2020 Annual Action Plan.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Marietta is an entitlement community eligible to receive direct assistance under the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant (CDBG) Program. The City of Marietta Community Development Division is responsible for the development and administration of the Consolidated Plan and Annual Action Plan.

The Program Year (PY) 2020 Annual Action Plan represents year three of the PY2018-2022 Consolidated Plan. This plan is the City's official application for HUD entitlement grants and proposes activities to be funded during the CDBG PY20 (July 1, 2020- June 30, 2021).

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The following is an outline of the strategic priorities identified in the PY2018-2022 Consolidated Plan. As required by HUD, each activity is linked to one of the three federal programs objectives: 1) decent housing, 2) suitable living environment, and 3) economic development. Each objective is matched with one of three outcomes: 1) availability/accessibility, 2) affordability, or 3) sustainability for low-moderate income persons.

Strategic Plan Priority Needs:

1. Affordable Housing

- 2. Neighborhood Revitalization
- 3. Increase Capacity of Public Services
- 4. Public Works & Facilities

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

In PY18, the City of Marietta received \$519,893 in entitlement funds. This was the first year the City was not in a Cooperative Agreement with Cobb County. In PY19, \$506,879 in entitlement funds were received. The City of Marietta received Entitlement funds as a subrecipient in a Cooperation Agreement with Cobb County, GA from 1987 to 2017. The City directed its CDBG funds toward public service projects benefitting youth training and education; and rehabilitation and reconstruction of single-family residential housing. Activities were primarily devoted to homeowner housing rehabilitation projects which allowed families to remain in their homes.

Since 2018, the City of Marietta has accomplished the following:

Public Service Support: 349 individuals were served in PY18 through programs administered by Public Service subrecipients. These include services for youth (afterschool programming, tutoring), abused children and families facing homelessness. As of February 2020, 311 individuals have been served through Public Service Subrecipients.

Housing Rehabilitation: As of February 2020, 5 households have been served through the Housing Rehabilitation program, all receiving vital improvements to their homes such as new roofs, new HVAC systems, new water heaters and other interior and exterior repairs.

ELD Emergency Grant: As of February 2020, 4 households have been served through the ELD Emergency Grant program, which provides grant funds to elderly and disabled homeowners for vital home repairs.

Public Works and Facilities: \$153,705 has been expended since PY18 for Public Works and Facilities projects. Two sidewalk projects were completed, which provided improved pedestrian access to the Elizabeth Porter Park. All sidewalk projects were completed in areas that are comprised of 51% or more low-to-moderate income households.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

During the preparation of the PY2020 Action Plan, a Public Review Meeting was held on March 19, 2020 to obtain comments on the proposed PY2020 CDBG Annual Action Plan. All comments received can be found below. A 30-day comment period commenced on February 28, 2020 and concluded March 30, 2020 for the public to review and provide comments on the Annual Action Plan. The plan was available for review in hard copy at the City of Marietta Community Development Office and on the Community Development website: <https://www.mariettaga.gov/462/Community-Development> Public Notice was published on the City of Marietta Website, the Community Development Website, and in print through the Marietta Daily Journal.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

No public comments received.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments were provided.

7. Summary

This Annual Action Plan identifies projects in which the City of Marietta will use CDBG funds to carry out previously identified priorities that were established in the PY2018-2022 Consolidated Plan. The identification of these specific priorities is a product of extensive consultation with community stakeholders combined with data from the U.S. Census and other sources that indicates specific housing and community development needs in the City of Marietta.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Marietta conducted significant consultation with citizens, municipal officials, non-profit agencies, public housing agencies, private developers, governmental agencies, and the Continuum of Care in preparing the Consolidated Plan associated with this Action Plan. The City held a public meeting to review a draft of this plan and current year priorities. This meeting is summarized in the Citizen Participation Section of this Plan.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The Marietta Housing Authority is the local public housing agency and was consulted in the preparation of this plan. This agency provided data on tenant and housing choice voucher holder characteristics, waiting lists, and future plans for development. In addition to the public housing agencies, the City consulted with Cobb-Douglas Public Health, a nonprofit provider of physical and mental health services. Members of the Cobb Continuum of Care group were instrumental in developing priorities in preparation of this plan.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Marietta is a part of the Marietta/Cobb Continuum of Care (COC) whose goal is to provide solutions to end homelessness in Maarietta through education, resources, and advocacy. In consultation with other agencies to develop this plan, the City consulted with the Continuum to gain access to all COC data. The City was provided data from the Homeless Management Information System (HMIS), Point-in-Time Count (PIT), the Housing Inventory Count, and information from the Annual Homeless Assessment Report (AHAR). Through this collaboration, the City ensures that COC goals and the City’s Consolidated Plan priorities are integrated into the plan. This structure provides the internal connective mechanism among City departments and outside entities which serve the homeless throughout the City.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Marietta was provided data from the Homeless Management Information System (HMIS), Point-in-Time Count (PIT), the Housing Inventory Count, and information from the Annual Homeless Assessment Report (AHAR). The City of Marietta does not receive ESG funds.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City of Marietta follows guidelines found in its Citizen Participation Plan. The City makes every effort to elicit and include citizen input. The draft PY20 Annual Action Plan informed citizens of suggested allocations, based on HUD Published FY20 allocations. The proposed plan stated " In the event that the final allocation differs from the expected amount of \$539,608, all proposed project budgets will be proportionally increased or decreased from the estimated funding levels to match actual allocation amounts."

From February 28, 2020-March 30, 2020, a public comment period was held for the draft PY2020 Annual Action Plan. A public review meeting was held on March 19th at 5:00PM at the Community Development Office. Both the public comment period and public meeting were advertised in the Marietta Daily Journal on February 28th and March 13th, as well as on the City of Marietta Facebook and website. In addition, communications were sent directly to Public Service subrecipients to share with both their clients and supporters.

From May 22-May 29th, 2020, a public comment period was held for a proposed amendment to the AAP for the CARES Act Substantial Amendment. This amendment consisted of incorporating the additional CV funds, and allocating them to public services. No comments were received on the proposed reallocation. The public comment period was advertised on the City of Marietta facebook and website. On June 10th, the Marietta City Council voted to approve the amendment.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Housing rehabilitation for Marietta homeowners continues to be a top priority. With increasing development and rising housing costs, maintaining the existing stock of affordable housing is extremely important. Supporting public services that serve the most at-need residents is also of high concern. As always, scarcity of funding is a big obstacle to addressing underserved needs.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Marietta City is an urban City that covers over 24 square miles which causes the low to moderate income population to be less concentrated as in most centralized cities. The City relies on widely accepted data such as American Community Survey, HUD low and moderate-income summary data, and Federal Financial Institutions Examinations Council (FFIEC) data to determine areas throughout the community with concentrations of low and moderate-income communities. Program resources are allocated City-wide based on low-mod areas which often coincide with areas of minority concentration.

The low and moderate-income census tracts in Marietta are primarily situated in the central, eastern and southern portions of the City which also coincide with areas of minority concentrations throughout the City. These Census Tracts are defined as low and moderate-income areas based on HUD's determination.

Discussion

Marietta is adding single family developments in areas of the city near older established neighborhoods, which are comprised of primarily low-to-moderate income residents. Rehabilitation efforts will be directed to those older neighborhoods to enhance the sustainability of the homes and improve the

marketability of the homes.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Marietta plans to use several approaches to maintain, create, and improve the quality of affordable housing throughout the City. For the Consolidated Plan, Marietta prioritized the following housing activities: homeowner housing rehabilitation and homeownership assistance. During this Annual Action Plan period, Marietta City will administer the following programs to preserve and increase access to affordable housing:

- Housing Rehabilitation
- ELD Emergency Grant
- Homeownership Assistance

Discussion

For PY20, the City of Marietta plans to assist 12 households through rehabilitation of existing units for owner-occupied LMI families in the City of Marietta. 3 additional households will be served through homeownership assistance- direct financial assistance to make homeownership more accessible.

AP-60 Public Housing – 91.220(h)

Introduction

The City of Marietta will not use any grant funds to address the needs of public housing residents in this Consolidated Plan period. The City will however, assist the Marietta Housing Authority in addressing the needs of public housing residents by offering homeownership assistance programs to eligible residents of public housing.

Actions planned during the next year to address the needs to public housing

Marietta Housing Authority (MHA) is the public housing authority for the City and administers subsidized units. The MHA Plan describes efforts to encourage public housing residents to become more involved in the community and to participate in various homeownership opportunities. MHA plans to initiate new programs to increase revenues for the agency and provide economic opportunities for low income families.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The MHA provides multiple outlets for public housing residents to be involved. Public housing residents (each adult family member) must contribute eight hours per month of community service participate in an economic self-sufficiency program. In meeting this requirement, residents are encouraged to become more involved in their community and to participate in activities that promote the level of economic stability that may lead to homeownership. MHA also manages a down-payment assistance program to assist low and moderate-income residents.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

According to HUD's 2019 Public Housing Assessment System, the Marietta Housing Authority is not considered by HUD to be troubled or poorly performing.

Discussion

The City continues to work closely with the Marietta Housing Authority to serve low to moderate income Marietta residents.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Marietta has identified the following goals to reduce and/or eliminate homelessness.

1. Provide funds (subject to applicable cap) to support emergency shelter operations, homeless prevention, rapid re-housing supportive services.
2. Provide support for the development and operation of transitional housing as individuals and families work towards self-sufficiency.
3. Encourage the efficient use of HMIS technology and support its expansions beyond homeless service providers as a way to link the various services provided by non-profit organizations and standardize performance measures.
4. Provide support for services that prevent persons released from institutions from becoming homeless. Strengthen the collaboration and capacity of homelessness service providers and advocacy organizations.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City participates in and supports the Marietta/Cobb Continuum of Care and its initiatives and projects. Marietta will also continue to support organizations that assess the needs of the homeless to create a more robust social service system to address unmet needs.

The Marietta/Cobb Continuum of Care collaborates with non-profit organizations to analyze existing needs to assist in identifying funding gaps and other gaps in services. The Homeless Point in Time Count, organized by the Continuum of Care, annually assesses the characteristics of the homeless population in the city and local areas. This data allows the Continuum to track the changing needs of the homeless. The City will continue support the efforts of the Continuum of Care in the preparation of the Point in Time Count.

City of Marietta Community Development staff is an active participant in the Cobb County Homelessness Task Force, which has the goal of addressing homelessness at a county level, and bringing together appropriate organizations and individuals to work towards common goals. One of the main goals of this group is to better outreach to and serve unsheltered persons and connect them with the most

appropriate resources.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City supports efforts of decreasing or ending homelessness in the city and is contributing both time and resources to supporting the local Continuum of Care's initiatives and providing staff support to serve on the Board. Emergency needs for shelter are handled by the Cobb Continuum of Care through many organizations who are members of the Collaborative.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City supports the implementation of a referral and case management system with the tools to direct the homeless to appropriate housing and services. Due to limited resources, it is important for agencies to eliminate duplication of effort by local agencies, both in intake and assessment procedures, and in subsequent housing and supportive services. The Homeless Management Information System (HMIS) can be improved with common intake forms, shared data, effective assessment instruments and procedures, and on-going coordination of assistance among community organizations. The City has also been working with the CoC to look at the marketing for the Coordinated Entry system in Cobb County, to make sure that citizens are aware of the two points of entry, and that eligibility for services is properly communicated.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

A range of emergency shelter facilities and short-term services (food, clothing, and temporary financial assistance, transportation assistance) to meet a variety of family or individual circumstances is necessary to assist families in preventing homelessness. These facilities and services will be able to meet the needs of families with children, individuals, persons with special health problems, and other characteristics. The City continues to be an active member of the Cobb Collaborative, including the Homelessness

Strategy Team, which brings together service providers that address these needs.

Discussion

The needs of homeless residents continues to be a great concern for the City of Marietta. With limited funds, the City relies heavily on its partnerships to ensure that the needs of homeless individuals are identified and addressed.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Community Development staff continuously engages in processes meant to identify barriers to affordable housing in the City of Marietta. Rising housing costs due to increased development continues to be a leading barrier to obtaining affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Marietta continues to actively review and revise local zoning ordinances and land use controls that may have negative effects on low to moderate income families. This is done both on a department level, and through participation in the Livable Centers Initiative (LCI) through the Atlanta Regional Commission. The City of Marietta will seek to engage housing professionals, lending professionals, and other officials located in the jurisdiction in discussions related to fair housing issues and affordable housing. Marietta will evaluate the extent to which housing counseling is available to provide credit repair advice to members of the protected classes, in order to ensure that to the maximum extent possible, residents of protected classes have access to means of improving their ability to obtain and maintain decent, affordable housing. In the case that counseling is unavailable, inadequate or not well advertised, the City should work with its community partners to increase its availability.

Discussion:

The City hopes through these actions, barriers can be quickly identified and acted upon as necessary.

AP-85 Other Actions – 91.220(k)

Introduction:

The Plan addresses the issue of meeting underserved needs of City of Marietta residents through a variety of initiatives. Several of these initiatives are proposed for funding in this Annual Plan. As has been the situation in the past and most likely in the future the primary obstacle to these actions is a lack of funding.

Actions planned to address obstacles to meeting underserved needs

The City of Marietta will review and analyze the work of its departments- such as economic development- to find opportunities to collaborate and expand services. The City will also explore ways to expand funding for community development activities. As an active member of the Cobb Collaborative, the Community Development Division stays abreast of the ever-changing needs of residents. Participation allows the City to strategize with other organizations and work towards meeting underserved needs, even when CDBG funding is limited.

Actions planned to foster and maintain affordable housing

The City of Marietta plans to foster and maintain affordable housing primarily through the preservation of already existing owner-occupied housing through CDBG rehabilitation programming. In an effort to promote affordable housing and fair housing choice, the City will encourage and support fair housing rights for all and provide program funds to conduct outreach and education regarding the Fair Housing Act.

Actions planned to reduce lead-based paint hazards

The City will identify houses with lead-based paint through the various housing programs undertaken by the City and will abate or remove lead hazards in high priority units. Government assisted housing rehabilitation projects will include the completion of a lead-based paint inspection according to HUD and Environmental Protection Agency (EPA) guidelines. Policies and procedures for abatement of lead hazards have been established in Marietta, which include determining cost effectiveness for abatement and procedures for assessing, contracting and inspecting post-abatement work.

Actions planned to reduce the number of poverty-level families

Marietta will continue to increase its efforts to implement anti-poverty strategies for the citizens over the next five years. The City will strive to increase its efforts in assisting homeowners and renters with housing rehabilitation and renovation of affordable housing to decrease the financial burden on low-to-moderate-income residents. The City will also support prospective first-time homebuyers through homeownership assistance. Homeownership has been shown to be a pathway out of poverty, and a vital

means for building wealth.

Actions planned to develop institutional structure

The Community Development Division recognizes the need to maintain a high level of coordination on projects involving other City departments and/or non-profit organizations. This collaboration guarantees an efficient use of resources with maximum output in the form of accomplishments.

The Community Development Division will address gaps and improve institutional structure by using the following strategies:

- Reduce and/or alleviate any gaps in services and expedite the delivery of housing and community development improvements to eligible persons.
- Evaluate the procurement process and guidelines for all rehabilitation projects.
- Coordinate projects among City departments and support ongoing City initiatives.
- Maintain a strong working relationship with the Marietta Housing Authority based on the mutually shared goal of providing suitable housing for low- and extremely low-income persons.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Marietta will continue to work with a diverse group of stakeholders from public and private housing and social service agencies. The City is a member of the Cobb Collaborative, a community organization focused on providing more streamlined approach among Cobb County public service agencies to improve the lives of all persons in Cobb County, Georgia. The City plans to continue supporting this organization, and be a more active member to better assess and serve the needs of many organizations. The City also plans to make more community connections, as to ensure that all eligible social service agencies are receiving proper information about CDBG resources within the City.

Discussion:

It is the goal of the Community Development Division, that through these planned actions, services can be provided to low and moderate income residents in the most efficient and effective way possible.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

The City of Marietta does not anticipate receiving any program income, proceeds from section 108 loan guarantees, surplus funds from urban renewal settlements, grant funds returned to the line of credit or income from float funded activities.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

MEMORANDUM

TO: Economic and Community Development Committee
THROUGH: William F. Bruton, Jr., City Manager
Rusty Roth, Development Services Director
FROM: Kelsey Thompson-White, Community Development Manager
SUBJECT: FY20 Annual Action Plan Amendment- CDBG-CV Funds
DATE: May 20, 2020

BACKGROUND:

On April 2, 2020, the City of Marietta was awarded a special allocation of Community Development Block Grant funds (\$317,434) to be used to prevent, prepare for, and respond to the coronavirus (COVID-19). This allocation was authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, which was signed by President Trump on March 27, 2020, to respond to the growing effects of this historic public health crisis.

The proposed 2020 Annual Action Plan Amendment includes: addition of CDBG-CV funds in the amount of \$317,434. The amendment proposes that all CDBG-CV funds will be used for Public Service subrecipients for activities that prevent, prepare for, or respond to COVID-19. The draft amended action plan can be found at <https://www.mariettaga.gov/1171/Plans-Reports>.

An application process was held for Public Services, and the following organizations are proposed to receive funding in round 1:

- Atlanta Legal Aid Society- \$50,000 for weekly eviction assistance clinics and legal assistance for Marietta residents.
- The Center for Family Resources- \$25,000 for emergency rent/mortgage/utility assistance (no more than 3 months)
- James T. Anderson Boys & Girls Club- \$10,000 for COVID related resource assistance
- Salvation Army Marietta Corps- \$99,252 for emergency rental/mortgage/utility assistance and funding for their Homeless Resource Center and mobile canteen

Due to the uncertainty of the future of COVID-19, it has been decided to reserve the remaining funding for future needs. Needs will be assessed regularly to see if new organizations are in need of funding, or if existing applicants are in need of additional funding. All CDBG-CV funds will be allocated and spent within HUD defined timeframes.

MEMORANDUM

TO: Economic and Community Development Committee

THROUGH: William F. Bruton, Jr., City Manager

FROM: Kelsey Thompson-White, Community Development Manager

SUBJECT: CDBG Annual Action Plan

DATE: March 12, 2020

The Community Development Division is in the process of making its annual application for Housing and Urban Development (HUD) Community Block Grant Entitlement Funds. The Annual Action Plan provides a concise summary of the actions, projects and activities that will take place during the next year to address the priority needs and overall objectives of the Community Development Division.

The Action Plan is submitted annually and must demonstrate the connection between the use of federal funds and the specific objectives developed to address priority needs. Included in the Plan are details on how the CDBG grant funds and anticipated Program Income will be used to address specific needs throughout the forthcoming year, including goals and outcomes.

The Action Plan was available to the public during the thirty-day comment period starting February 28th, 2020 and ending on March 30, 2020. A public hearing was held on March 19, 2020. All written comments from the public have been given consideration in this plan. A summary of the proposed 2020 allocations is provided below.

PY2020 Proposed CDBG Allocations	
Administration & Planning (capped at 20%)	\$107,921
Rehabilitation Activity Service Delivery	\$96,273
