

Chief's Message

On behalf of the men and women of the Marietta Fire Department, I am pleased to present the annual report for 2013. While the report highlights the various statistical data, our accomplishments go beyond that. We continue to build upon previous achievements and continually strive to make our department safer and more efficient. While we continue to maintain our Class II ISO Public Protection Classification rating, the work being done continues to move us closer to our goal of a Class I rating.

As outlined in this report, Marietta Fire continues its commitment to delivering outstanding service. In addition to answering calls for emergency service, the various educational programs, fire prevention inspections, and fire investigations. Additionally, the training hours being logged by our firefighters only enhance the core of our mission "...effectively prepare, provide, and promote services..."

The future is bright for our department and the city. Continued improvement, efficiencies, and training will allow us to achieve and maintain our long terms goals.

Jackie T. Gibbs
 Jackie Gibbs
 Fire Chief
