

SECTION A

INTRODUCTION

CHAPTER 1. OWNING HISTORIC PROPERTY IN MARIETTA

- 1.1. Why DO Older Homes Require Special Attention?. A.3
- 1.2. The Nature of Traditional Materials A.4
- 1.3. Recognize Important Changes A.7
- 1.4. Neighborhood Context A.8
- 1.5. Benefits of Living in Historic Districts. A.9
- 1.6. Marietta’s National Register Historic Districts. A.11

CHAPTER 2. RECOGNIZED PRESERVATION PRACTICES

- 2.1. 4 Levels of Preservation Effort A.12
- 2.2. The U.S. Secretary of the Interior’s Standards A.13

SECTION B

HISTORY & ARCHITECTURAL OVERVIEW

CHAPTER 3. MARIETTA’S CHURCH CHEROKEE NEIGHBORHOOD

- 3.1. History and Development B.4
- 3.2. Development Maps of Church & Cherokee Streets B.5
- 3.3. Church Cherokee National Register Historic District. B.6

CHAPTER 4. BASICS OF TRADITIONAL RESIDENTIAL BUILDINGS

- 4.1. Residential Form VS. Style B.7
- 4.2. Common Historic Residential Building Forms B.8
 - “Shotguns” & Gable-end House Forms B.8
 - Pyramid Roofs & Pyramid Cottage House Forms B.8
 - Progression of Gable-end House Forms B.9
 - Progression of Pyramid Roof House Forms B.9
 - Georgian Cottage & “Raised Cottage” House Forms. B.10
 - Two-Story Georgian House Forms B.10
 - Bungalow B.11
 - English Cottage. B.11
 - Post WWII American Small House B.12
 - Mid 20th Century Ranch & Split Levels B.12
 - 20th - 21st Century Contemporary & Multi-family. B.13
- 4.3. Common Historic Residential Styles B.14

SECTION C

WORKING WITH HISTORIC RESIDENTIAL CONSTRUCTION

- Intro. Public Support for Good Preservation C.3

CHAPTER 5. RESTORATION & MAINTENANCE STANDARDS

- 5.1. Residential Openings and Amenities C.4
 - Entrances. C.4
 - Doors C.4
 - Windows & Fenestration C.5
 - Lighting C.7
- 5.2. Foundation Standards C.7
 - Foundation, Pier & Crawlspace Materials C.5
- 5.3. Porch Standards C.8
 - Construction, Enclosures & Connection C.8
 - Columns, Balustrades & Millwork. C.9
 - Coverings, Eaves & Porch Roofs. C.9
- 5.4. Exterior Wall Standards C.10
 - Siding, Clapboard & Gables C.10
 - Masonry Walls & Applied Coatings. C.11
- 5.5. Roofs and Roof Lines C.12
 - Shingles & Covering C.12
 - Roof Pitch C.12
 - Chimneys C.13
 - Eaves C.14
 - Dormers C.14
 - Roof Utilities. C.14
- 5.6. Residential Yards, Walks & Drives C.15
 - Landscape Features & Surfaces. C.15
 - Fences, Steps & Retaining Walls. C.16
 - ADA Ramps C.16
- 5.7. 20th Century Auto Features C.17
 - Driveways & Aprons C.17
 - Auto Sheds & Residential Accessory Buildings C.17

CHAPTER 6. NEW RESIDENTIAL CONSTRUCTION STANDARDS

- 6.1. New Residential Addition Standards C.18
 - Views from the Public Right-of-Way C.18
 - Context-Sensitive Home Additions C.18
 - Residential Rooftop Additions C.19

TABLE OF CONTENTS

6.2. New Residential Construction (Infill) C.20

- Contemporary Styles that “Blend” C.20
- Using Compatible New Materials C.20
- Visual Relationships of New Buildings C.21

6.3. Residential Adaptive-Use & Sign Placement C.22

SECTION **D** Marietta’s “GREEN PAGES”

ENERGY EFFICIENCY AND YOUR OLD HOUSE

CHAPTER 7. UNDERSTANDING SYSTEMS AND YOUR ENVIRONMENT

7.1. Marietta’s “Green Pages” Introduction D.3

7.2. “Green Glossary” D.4

7.3. Shelter Designed for Its Environment D.5

- US Insulation Zones Map D.5
- US Climate Zones Map D.6
- Marietta Average Annual Weather Data D.7
- Residential Features Inherent to Marietta’s Climate D.8

CHAPTER 8. ENERGY EFFICIENCY IN EXISTING MATERIALS

8.1. Building Materials in the South D.9

- Landfills Should Not be for Buildings D.9
- The “Embodied Energy” of Buildings D.10

8.2. Does “Maintenance Free” Exist? D.11

8.3. Traditional Home Features Designed for Energy Efficiency D.12

- Parts of the Traditional Home Ventilation System D.12
- The Function & Use of Operable Windows D.13
- Built-in Energy Efficient Features to the Older Home: D.16
- Air Leaks vs. Air-Flow Needed for Building Health: D.17

8.4. 19th & 20th Century “Historic” Mechanical Systems. D.18

CHAPTER 9. “GREENING” YOUR HISTORIC HOME

9.1. Targeted Contemporary Interventions D.19

- Checklist: When to Use New Technologies as a “Fix” D.19
- How You Can Gain Energy Efficiency in the Older Home D.20
- Checklist: When New Technology is NOT a Good Fix. D.21

9.2. Cautionary Notes & Unintended Consequences D.22

9.3. Cost Effective Energy Improvement Chart. D.23
