20160891 Smart Parking Meters

Consideration to address and improve Downtown Marietta parking Management with installation of SMART(EST) PARKING METERS on all City Street Parking in conjunction with engaging a vendor to have turnkey installation and subsequent management of such; to establish Parking Revenue therefrom as an enterprise fund with net proceeds to be encumbered or expended within two years of such for improvements (broad definition) within downtown area; Enterprise Fund enabled to enter into collaboration with County and DMDA for infrastructure projects within downtown area but Enterprise Fund is not authorized to borrow money in any form; Vendor will solicit other parking venues around the square to join in a collective effort to manage parking as a whole and to enhance the use of the County's Parking deck; policing of parking will be continued as in existence with fine revenue or cost of patrolling not part of Enterprise Fund; not a source for a parking deck or additional parking but management of sustaining parking as is, ultimately parking additions from leadership of DMDA, merchants, and business effected. Goal to bid out and hire vendor by October and commence installation of Smart Meters in Winter of 2017. To work with BLW to install 2 to 4 Electric Vehicle Charging Stations on street parking spaces on either Dobbs St or Hansell St or combination of both, east of Waddell St.

Requested agenda item by Councilman Fleming and Mayor Tumlin.

Council member Goldstein disclosed that he, his family members and/or entities that he owns or have an interest in, own property in the Central Business District (CBD). His business is also located in the CBD.
