

EOQ 2nd Quarter

Duane Farist

Duane is a Traffic System Technician from our Traffic Dept. He's been with the city for exactly 15 yrs. His duties include overseeing daily traffic operations throughout the city. He also maintains fiber and wireless communications to the intersections, along with CCTV and school flashers. The communications network allows him to remotely control and monitor traffic signals and surveillance camera devices. What he enjoys best about his job is diagnosing problems and completing projects.

Great things people have said about him:

- ❖ Always exhibits a strong work ethic with a positive attitude
- ❖ He is consistently prompt with his response and action on traffic-related issues reported by citizens or fellow employees.
- ❖ Duane works well with internal and external customers
- ❖ Duane is a completely dedicated employee who puts in many hours outside normal work hours to complete traffic system projects and repairs
- ❖ He consistently exhibits professionalism when dealing with inquiries from the general public
- ❖ He always puts others needs before his in regards to daily tasks and ensures fellow employees have all the needed materials and information to complete their tasks
- ❖ He is asset not only to his Department but to the City as a whole
- ❖ He's the model employee that exemplifies all the qualities this Department desires in all our employees
- ❖ Recently, Duane helped add more traffic signals to the communication infrastructure and completed the splicing of about 1,000 fiber optic cables during an 8-month period between October 2011 and June 2012 that would have cost the city more than \$50,000 if done by contractors.
