

# Do You Know a World War II Vet?

**The Marietta Daily Journal is looking for Cobb County citizens or native Cobb Countians who served in WWII for a photo, video and print series honoring the men and women who served.**

---

*Seventy-five years ago, The United States was thrust into World War II after the December 1941 bombing of Pearl Harbor by the Japanese Empire. The Day of Infamy started the call for brave men and women of this country to fight for freedom in both the Pacific and European theaters including several hundred from Cobb County.*

*The Marietta Daily Journal is compiling a series of videos and photos highlighting and honoring Cobb County's World War II Veterans. It is important to capture their recollections of the war for historic preservation as these veterans are disappearing very rapidly. The youngest of this generation are in their late 80s to early 90s. This project is to preserve on film and in print, their firsthand accounts of the conflicts so that future Cobb County generations never forget the bravery and sacrifices made by these servicemen during World War II.*

If you know a WWII vet willing to participate, contact:
