Dear Community Partner,

You are cordially invited to identify up to 20 youth leaders (ages 14 and up) to represent your school, church or after school program to attend the first annual **Franklin Road "Throwdown for Change," Youth and Law Enforcement Symposium.**

This event will feature youth leaders from the Marietta YELLS (Youth Empowerment through Learning, Leading and Serving) mentorship program and the Franklin Road Boys and Girls Club Teen Center, in partnership with the Marietta Police Athletic League and Franklin Road Weed and Seed. Franklin Road teens will be hosting activities and question and answer sessions with members of the law enforcement community. The goal of this event is to bridge relationships between youth and law enforcement. A broad representation of law enforcement representatives including local police, county and federal agencies, will serve as panelists.

Questions addressing areas of interest and concern will be determined by youth and law enforcement surveys completed in advance of the event. Please help us collect information regarding your teens' perceptions and concerns, by distributing and collecting the attached survey.

Program details are as follows:
