## HOW IS BUDGET BILLING CALCULATED?

Budget Billing is based on average of your actual consumption for the last 12 months. You will be billed in equal amounts for 12 months. *Discounts will be automatically applied during calculations of Budget Bills and will appear on your bill as actual charges.*

## WHAT IF I CONSUME A DIFFERENT AMOUNT THAN I DID LAST YEAR?

On the anniversary date of your sign-up (12<sup>th</sup> bill), your bill will be recalculated according to your actual consumption.

## ADJUSTMENTS WILL BE MADE ON THE 12<sup>TH</sup> BILL

If, during the past 12 months, your budget charges are more than your actual, your overpayment will be applied to your account as a credit.

If, during the past 12 months, your budget charges are less than your actual, a charge for the difference will appear on your 12<sup>th</sup> bill and is due and payable on the due date of your billing statement.

## WHAT HAPPENS TO MY DISCOUNT IF I PAY MY BUDGET BILL AFTER THE DUE DATE?

At settle up (12<sup>th</sup> month) for any individual month (s) in which payment was late, the discount given to the customer will be charged back. That is, for any month payment was late, you will lose your discount. Payment of the lost discount will be made at the settle-up (12<sup>th</sup> month).

## WHAT HAPPENS IF I BECOME DELINQUENT ON MY BILL?

Delinquent accounts are not eligible for the Budget Billing Program. An account that becomes delinquent will be removed from the Budget Billing Program.
