5:30 pm

Council Chambers

CALL TO ORDER:

MINUTES:

20140442 Regular Meeting Minutes

Review and approval of the March 31, 2014 Marietta Historic Board of Review Meeting Minutes.

BUSINESS:

20140489 19 Powder Springs St - Marina Marina

The applicant is requesting a Certificate of Approval for a black awning.

20140487 19 Powder Springs St - Marina Marina

The applicant is requesting a Certificate of Approval for a 28"x33" projecting sign.

20140488 19 Powder Springs St - Marina Marina

The applicant is requesting a Certificate of Approval for a 4'x8' wall sign.

20140353 Marietta/Cobb Museum of Art - 30 Atlanta Street

The applicant is requesting a Certificate of Approval to replace all exterior windows and doors to match existing ones.

20140494 12 Powder Springs Street - Studio on the Square

The applicant is requesting to replace an existing 3' x 8'6" wall sign with a new sign of the same size and colors, but with a listing of all the businesses in the building.

20140495 12 Powder Springs Street - Studio on the Square

The applicant is requesting to place a new wall sign on the face of the building. The new sign will be a glass enclosed poster of monthly activities of the Studio on the Square.

20140496 12 Powder Springs Street - Studio on the Square

The applicant is requesting to be allowed to have a sandwich board sign to promote daily activities at Studio on the Square.

20140481 113 North Park Square - Ye Olde Christmas & Candy Shoppe

The applicant is requesting approval of new exterior paint. The front façade will be Olympic D30-2 (Gypsum) and the trim will be Behr S-G-160 (California Poppy).

20140482 113 North Park Square - Ye Olde Christmas & Candy Shoppe

The applicant is requesting approval to relocate their existing sign (32"x96" HDU) from 87 Church Street to 113 North Park Square.

20140483 113 North Park Square - Ye Olde Christmas & Candy Shoppe

The applicant is requesting approval of a new black [Olympic D43-6 (Black Elegance)] awning.

20140441 113 North Park Square - Façade Renovation

The metal on the storefront is red similar to that on Willie Raes at 29 North Park Square.

The storefront will be similar to that at Sugar Cakes at 101 North Park Square except that it will be adjusted to the openings in the building, the stone on the side shall remain uncovered and the area below the main windows will be stucco instead of brick. The stucco below the lower windows will be white and the stucco between the lower windows and the upper windows will be red. The existing storefront was put in and modified since 1983. This will make the storefront doors ADA compliant and will have the doors opening within the private property and not on the public sidewalk.

20140473 90 Hansell Street - Hansell Street Private Alley (rear of Strand block)

The work is the installation of a block wall approximately 11 1/2 feet tall across the alley. The wall will have a metal door in it that open towards Hansell Street. The wall will have openings at the bottom against the concrete to allow water to exit from behind the wall. The wall will be stucco. The exact location of the door may vary so that the contractor can find the best place to insert the door. The wall will be installed within the eight feet south of the rear exit door of the house of Lu into the private alley. Current expectation is between the House of Lu rear door and the gas meter behind that door. The color of the wall will be bage to match the wall on the west side of the alley.

The reason for the addition of the wall is to keep folks out of the alley so that the walls are not tagged with graffiti or items otherwise not vandalized.

20140474 25 West Park Square

The purpose of this application is for approval of roof, gutter, copping, cap, etc...and vent replacements. Roof membrane is either a 60-mil Johns Manville "white" TPO single-ply membrane system with a 20-year NDL warranty or a fibertite "white" TPO membrane system. Cap (front and rear), coping & gutter (rear) is dark bronze (From PAC-CLAD Perterson Aluminum PAC-CLAD Color Chart). Vents will be replaced with new vents.

20140241 9 & 11 Whitlock Avenue - Theatre in the Square

The applicant is requesting a Certificate of Approval for the removal of the glass enclosed area and structure approximately above the parapet line. The work and securing of the remaining frame below the above removed structure. This includes removal of some areas of stucco, etc... as needed and the repair of same. Painting the areas to match the rest of the front with the same color paint as on the front now. Patching the roof with a membrane that is similar to what is existing on the roof. The placement of a metal bronze cap (as needed) along the front similar to what is used on the side of Marietta Pizza.

20140244 9 & 11 Whitlock Avenue - Theatre in the Square

The applicant is requesting a Certificate of Approval for the relocation of the marquee sign to flat on the façade of the building, after removal of the marquee and other improvements, and approval of any variances necessary for the relocation. This includes removal of some areas of stucco, etc...as needed and the repair of same. Painting the areas to match the rest of the front with the same color as on the front now.

20140343 9 & 11 Whitlock Ave

The applicant is requesting a Certificate of Approval for the removal of various portions of the façade improvements that are attached to the front of the building that are on or over the public right of way as well as some of the façade that is on private property. Removal of the glass enclosed portion of the triangle above the parapet wall. Installing a metal cap on the parapet wall in the same color as existing. Possible lowering of the height of the parapet wall by up to three feet. Stuccoing the façade where the façade was removed. Painting the façade back the same color as the existing stucco façade. Relocation of the electronic marquee sign to flat on or within the façade of the building after removal of the marquee and other improvements. Location directly behind where it is now. Approval of any variance necessary for the relocation and use of the marquee sign. Relocation of any of the showcases for signs onto the remodeled façade directly behind where they are now.

ADJOURNMENT:
