**Staff Review:**

The applicant, Keith Cristal, is requesting a variance to allow gravel as a surface for driveways and parking. Mr. Cristal intends to operate a storage lot for boats and recreational vehicles and intends to spread gravel across the property to accommodate the parking area on the property at 800 Williams Drive.

The subject property is 27.735 acres, and is zoned Light Industrial (LI). The adjacent properties to the north, east, southeast and southwest corner are also zoned LI. The adjacent property to the west is zoned RM-12 (Residential Multi-Family – 12 units/acre); and the adjacent properties to the south are residentially zoned (R-20) within Cobb County.

Section 716.08 (B) of the Zoning Ordinance states that only concrete, asphalt, or brick may be used as an allowable surface for parking to accommodate vehicles up to 8,000 pounds. The applicant wishes to provide a gated facility of temporary parking spaces for boats, RVs, cars, trucks, as well as tractors. The applicant also would like to extend its services to nearby businesses for the use of overflow inventory from dealerships with heavy vehicles – such as farm tractors, etc..

In addition, Mr. Cristal would like to be able to operate a “park/ride lot” to provide access to the new Atlanta Braves baseball field once they move to SunTrust Park.

Similar variances have been considered and granted for the following:

<u>Case #</u>	<u>Address</u>	<u>Zoning</u>
• V2016-02	- 25 Ayers Ave	CRC
• V2015-43	- 772 Allgood Rd	NRC
• V2015-16	- 393 North Sessions St	LI
• V2014-33	- 795 Pickens Ind Dr	LI
• V2014-26	- 336 Whitlock Ave	R-3
• V2013-15	- 1798 Roswell Rd	CRC
• V2013-13	- 405 Saint Mary's Ln	R-2
• V2013-08	- 33 Garrison Rd	OIT
• V2008-17	- 1018 Powder Springs St	R-2
• V2001-03	- 1551 West Oak Dr	CRC
• V2001-01	- 279 Washington Ave	OI
• V2000-31	- 2068 Airport Industrial Park Dr	LI
• V-98029	- 424 Glover St	LI
• V-98023	- Dickson Rd	LI
• V-96042	- 2032 Airport Ct	LI
• V-95052	- 1014 Industrial Park Dr	LI

Some of these cases were approved to allow gravel for residential driveways, while others were for vehicle storage and some light vehicle traffic. However, in the cases where vehicle storage was approved, it was limited to operable vehicles only. In this particular case, the applicant would use the majority of the site as a gravel parking/storage area for a range of vehicles varying by size.

The subject property is adjacent to multiple residential properties – therefore the applicant shall maintain and improve where necessary for a 50 feet buffer between the residential neighboring properties.

The Public Works Department makes note that a gravel surface could not withstand the driving and parking demands of the proposed commercial use. Erosion and rutting of the gravel surface would negatively impact the stream traversing the property. Noise and dust may also pose a problem for the surrounding residential neighbors.

This site was rezoned to LI, with stipulations on November 3, 1999, and appears to have been graded shortly thereafter. As private cul-de-sac street provides access to the interior of the property from Williams Drive. Only the properties at 840 Williams Drive and 850 Williams Drive have been developed within the industrial park. The majority of the site has not been developed any further.

The following stipulations – that were attached to the property at the time of the rezoning in 1999 – will have to be addressed by City Council separately, but on the same City Council agenda:

- No “automotive type businesses; and
- No outside storage of any kind

Dear Sir,

We were illegally dumped on our property located at 785 Pickens Industrial Drive Marietta by Christopher Williams on 11-15- 16 and the case was opened up with Department of Natural Resources on 12-1- 15. I have spoken to Russell Nix and DNR is in touch with these illegal dumpers and they have uncovered other sites like ours.

Mr. Nix assures me that between the Tire Bond and the Georgia Department of Natural Resources **scrap tire fund**, this illegal tire dump will be cleaned up by the State of Georgia within the next 4-6 months.

I welcome you to call Mr. Nix and verify the facts of this unfortunate situation was beyond our control and that these tires were placed on our property without our knowledge.

Below, please see the contact information for Russell Nix in the Scrap Tire Division of the Department of Natural Resources.

Re: 800 Williams Drive

Dear Mr. Binzer,

I have been a multi-business owner in Marietta for over 15 years. I am seeking a land use special stipulation change at 800 Williams Drive in Marietta in order to park vehicles on a gravel lot in the industrial area located at 800 Williams Drive. We plan to set up **Marietta Park N Lock**, a gated secure storage facility for boats, RVs, cars, trucks and tractors for clients in the Atlanta area. One of our potential users at Williams Drive sells farm tractors from his nearby dealership and will regularly require temporary parking spaces for overflow inventory. We seek to set up a hard gravel surface for parking these vehicles. This equipment has rigid tires that does not work well on paved surfaces, and that is a main reason for the need for a gravel surface.

With the Braves Stadium coming to Cobb County, event parking or a **Park and Ride** at our Marietta facility is going to be needed. It will be much easier for North Marietta, Cherokee, and North Cobb clients to park here rather than to fight that game traffic on I-75 to attend a game.

A few weeks ago, another potential tenant applied for a land use change for a Mulch production plant use at this same address. Many of the nearby property owners were not happy with the potential use, so the potential business operator withdrew his application. Our planned use on the other hand would be better suited for this property and would have a mild impact, which the neighbors will not be opposed to. Williams Drive has many industrial facilities that use this road already, so our usage would fit in well with the existing Industrial usage.

We already operate some existing parking lots in Marietta, Cobb, and Cherokee Counties, so our experience in this type of business is a great advantage. The parking needs of our community, the traffic benefits for our community, and this better land use would benefit the City of Marietta greatly. I would greatly appreciate your consideration for this special stipulation change on 800 Williams Drive in Marietta.

Sincerely,

Keith Cristal

Re: Changes to Land Use Plan 800 Williams Drive

Thank you for considering our land use plan for 800 Williams Drive. We believe this will benefit the city and nearby communities.

The changes will reduce traffic on busy residential city streets such as Cherokee, Church, and Powder Springs Streets as well as the Marietta Loop. Instead they will travel to I-75, Canton Highway and Bells Ferry Road. This should improve traffic flow on at least ten of our downtown streets.

I have met and discussed this use with the following nearby property owners and neighbors who support our efforts:

Larry Lewallen, Co-Owner, Lewallen Construction Co.  
Peggy Lewallen, Co-Owner, Lewallen Construction Co.  
Roy Strickland, Co-Owner, Stone Distributors  
Jack Brand, Manager, Atlanta Kubota  
Mike Lehman, Manager, Stone Distributors  
Rocky Devotie, Owner, White Oak Landscape Co.  
Jim Remole, adjacent property owner  
Frank Watts, Jr., co-owner adjacent property  
Jim Freeman, adjacent property owner

As you will recall, we considered other uses a few weeks ago, only to find that some of our neighbors were uncomfortable with them. We immediately withdrew our application and are now asking for a more compatible use. This use is for a park and lock lot for campers, RVs, and trucks as well as storage of tractors and heavy equipment on a gravel surface. Our desire is to be a good neighbor and improve our city.

Sincerely,

  
James E. Freeman, Manager  
Freeman Equities LLC  
a family partnership

**RUN AD DATE: April 15, 2016**

**PUBLIC NOTICE OF REZONINGS, CODE AMENDMENT, AND VARIANCES**

The City of Marietta hereby gives notice that a public hearing will be held to give consideration to the following variance requests at the City Council meeting held on **Wednesday, May 11, 2016, 7:00 p.m.**, City Hall, for a final decision to be made.

**V2016-15 [VARIANCE] KEITH CRISTAL** requesting variances for property located in Land Lots 800, 801, 802 & 856, District 16, Parcel 0020, 2<sup>nd</sup> Section, Marietta, Cobb County, Georgia, and being known as 800 Williams Drive, currently zoned LI (Light Industrial). Variance to allow gravel as an acceptable parking surface; amendment to letter of stipulations from Z-9926. Ward 5B.

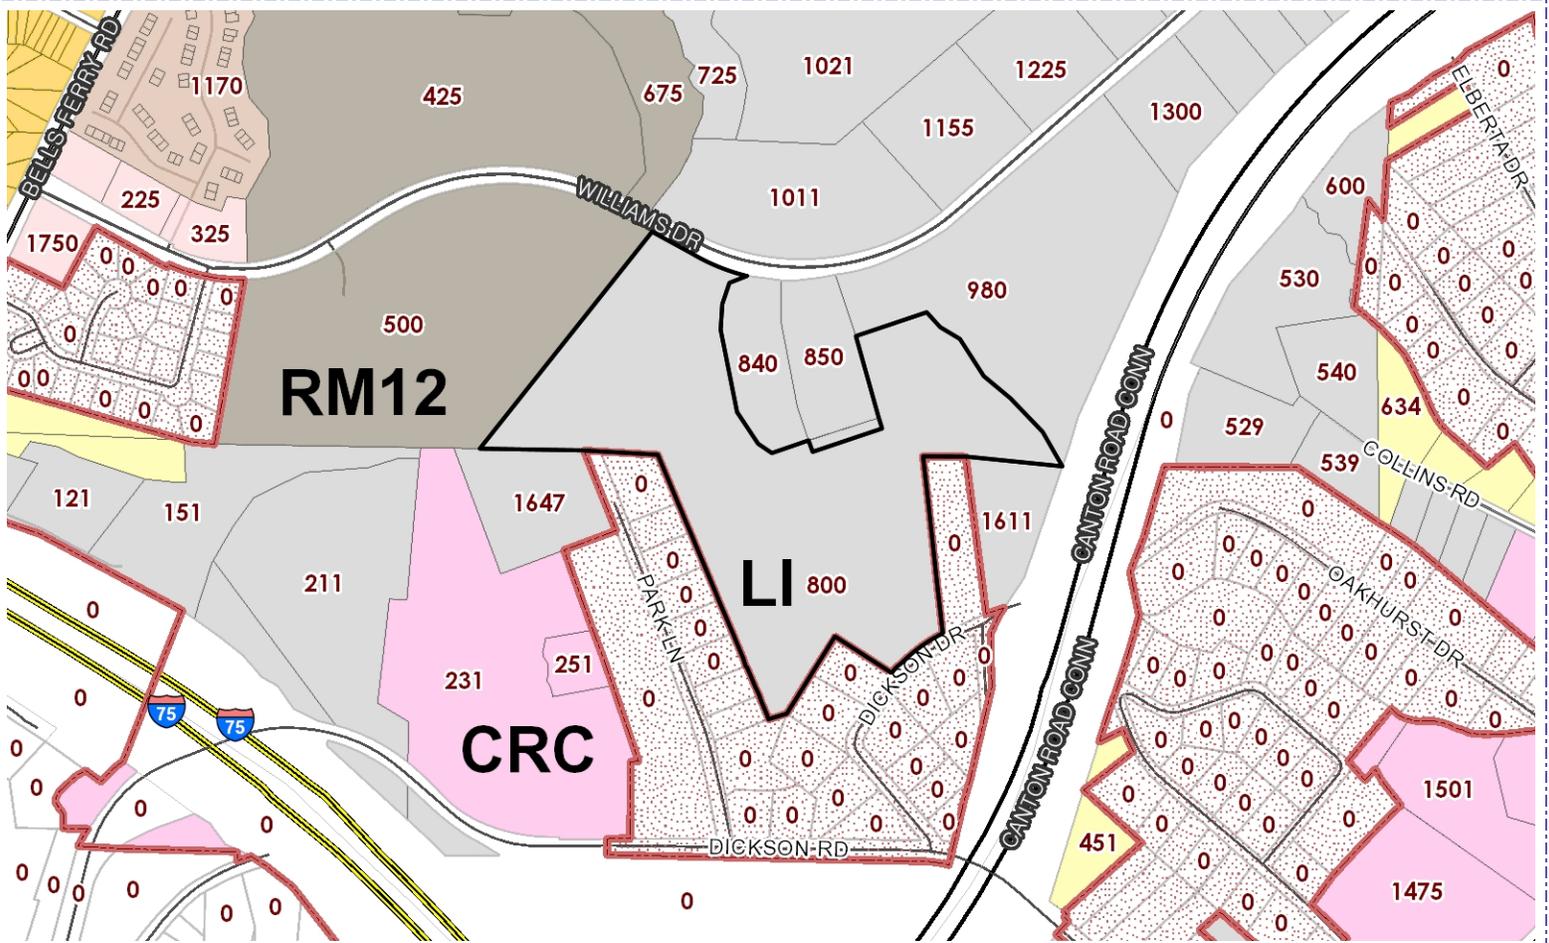

A description and plat of the property sought for the rezoning and future land use assignment are on file in the Planning and Zoning Office, City Hall, and is available for inspection between 8:00 A.M. and 5:00 P.M., Monday through Friday. Anyone wishing to attend may do so and be heard relative thereto.

For additional information please call the Planning and Zoning Office (770) 794-5669.

**Accessibility to Meetings:** If you believe you may need the City/BLW to provide special accommodations in order to attend/or participate in any of the above meetings, please call Mr. Patrick Henley, ADA Coordinator, at 770-794-5558 (voice) or 770-794-5560 (TDD) no later than 48 hours before the date of the above meeting.
