Motion for 3 Year Plan incorporating feasibility examination (costs, source of funds, infrastructure design) for Square Makeover/Improvements including, but not limited to:

- Parking Meters
 - Parking Management
 - Dedication of Parking Meter Fees (net of annual capital improvements, maintenance, and operation costs) for a restrictive use for Downtown Business District through current term of council (12/31/17).

- Dumpsters off Street
 - A better, cleaner, esthetically pleasing, efficient way of servicing trash
 - Expense and capital outlay
 - funding
- Extension of Sidewalk on North Park, West Park, and East Park Square
 - Leaving 3 lanes of traffic on North, West and East Park Square (note all "feeders" into the square are at most 3 lanes with all on North and South being 2 Lanes and only 2 3 lanes on East side, in other words, do we need 4 lanes for 1 block?)
 - Retaining parking on each, just further out
 - Would allow for more square flexibility for functions without closing of the street (i.e., Chalk Fest)
- Purchase of square parcel for purpose of:
 - Create tourism center/promotion on square
