**STAFF REVIEW AND RECOMMENDATION**

**Variance Case #:** V2015-14                      **Legistar #:** 20150201  
**Board of Zoning Appeals Hearing:**              **Monday, March 30, 2015**  
**Property Owner:** State Mutual Insurance Company  
P.O. Box 153  
Rome, GA 30162-0153  
**Applicant:** Sidney P. Wright, P.C.  
P.O. Box 69  
Rome, GA 30162-0069  
**Address:** 1097 Radar Circle  
**Land Lot:** 1211                      **District:** 16                      **Parcel:** 0350  
**Council Ward:** 7A                      **Existing Zoning:** CRC (Community Retail Commercial)

**Special Exception / Special Use / Variance(s) Requested:**

1. Variance to operate automobile sales on a parcel that is only 0.65 acres. [*§708.16 (B.6)*]

**Statement of Fact**

As per section 720.03 of the Comprehensive Development Code of Marietta, the Board of Zoning Appeals may alter or modify the application of any such provision in the Development Code because of unnecessary hardship if doing so shall be in accordance with the general purpose and intent of these regulations, or amendments thereto, and only in the event the board determines that by such alteration or modification unnecessary hardship may be avoided and the public health, safety, morals and general welfare is properly secured and protected. In granting any variance the board of zoning appeals shall designate such conditions in connection therewith as will, in its opinion, secure substantially the objectives of these regulations and may designate conditions to be performed or met by the user or property owner, out of regard for the public health, safety, comfort, convenience, and general welfare of the community, including safeguards for, with respect to light, air, areas of occupancy, density of population and conformity to any master plan guiding the future development of the city. The development costs of the applicant as they pertain to the strict compliance with a regulation may not be the primary reason for granting a variance.

**Criteria:**

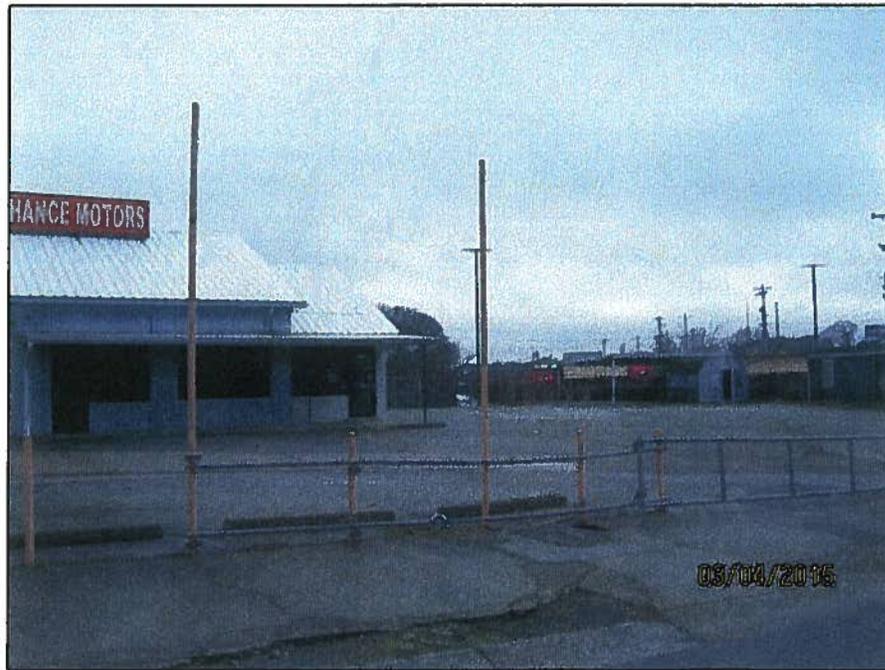

1. Exceptional or extraordinary circumstances or conditions *are/are not* applicable to the development of the site that do not apply generally to sites in the same zoning district.
2. Granting the application *is/is not* necessary for the preservation and enjoyment of a substantial property right of the applicant, and to prevent unreasonable property loss or unnecessary hardship.

3. Granting the application will/will not be detrimental or injurious to property or improvements in the vicinity of the development site, or to the public health, safety, or general welfare.

**Recommended Action:**

**Denial.** Mr. Sidney P. Wright, P.C. is requesting a variance for the property located at 1097 Radar Circle that would allow an automobile sales on a parcel that is only 0.65 acres in area. However, as defined in Section 708.16 (B.6) under permitted uses, one of the conditions for automobile sales is that a minimum one acre lot size is required. The property is zoned CRC (Community Retail Commercial) and is located near the corner of Radar Circle and Roswell Road, just across the street from the Big Chicken. All of the surrounding properties are also zoned CRC.

City records show this property was used for car sales until February 2013, when the utilities to the building were cut off. After a convoluted and lengthy foreclosure process as a result of payment default and fraudulent activity by the previous owner, the property is now bank owned. Since the city requires at least an acre of land for properties conducting car sales, the property lost its nonconforming status once the utilities were off for over six (6) months. The bank is requesting to reestablish the nonconforming use in order to facilitate a sale of the property.

In February 1998 the Board of Zoning Appeals granted variances (V-98005) to reduce the rear yard setback for the warehouse building and the setbacks for the accessory structure.

The Board of Zoning Appeals has considered the following cases regarding automobile sales on sites that do not meet the one acre requirement:

Case #	Address	Acreage	Zoning	Ruling	Stipulations
V2000-07	1960 Airport Ind Park Drive	0.46	LI	Approved	None
V2000-12	1326 Cobb Pkwy N	0.64	CRC	Approved	No more than 6 cars for sale at a time
V2000-16	2072 Airport Ind Pk Dr	0.65	LI	Approved	None
V2001-02	484 Cobb Pkwy N	0.611	CRC	Denied	
V2001-07	1195 Cobb Pkwy S	0.426	CRC	Approved	None
V2004-21	44 N Fairground St	0.3	CRC	Approved	Sale of motorcycles only; vehicles to be stored inside at the end of business day
V2006-06	1791 Roswell Rd	0.7	CRC	Denied	
V2007-05	1955 Airport Ind Park Drive	0.348	LI	Approved	None
V2013-03	927 & 929 S Marietta Pkwy	0.77	CRC	Denied	
V2013-46	927 & 929 S Marietta Pkwy	0.77	CRC	Denied	
V2014-16	476 Cobb Pkwy N	2.209	CRC	Approved	2 car lots + other
V2014-28	1245 Bellemeade Dr	0.557	CRC	Approved	None
V2014-35	1641 Canton Rd	0.841	CRC	Approved	None

The CRC zoning district is a very broad zoning category that allows many allowable uses other than car sales. The subject property's visibility from Roswell Road and proximity the intersection of Cobb Parkway and Roswell Road makes it commercially attractive.

It is the intent of Section 706.02, Continuance of a nonconforming use, to allow such uses remain as long as they are consistently used, but to encourage them to eventually cease. Reestablishing a nonconforming use on this property contradicts the intent of this ordinance. Any car selling businesses operating in the general vicinity of the subject property are legally nonconforming, as they have a continuous history of operating at their location despite the necessary acreage. Staff does not encourage the proliferation of car sales on substandard lots to continue. *Staff recommends denial of this variance.*

**RE: Request for Variance**

Property Owner: State Mutual Insurance Company

Property Address: 1097 Radar Circle, Marietta, Georgia 30062

Tax Parcel # 16121101350

Dear Mr. Binzer:

I represent State Mutual Insurance Company ("State Mutual") in the matter of its request for a variance with respect to the above referenced property. Along with the Application for Variance and required documentation, please find enclosed written authorization by J.P. Cooper, Assistant Vice-President of State Mutual, allowing you to communicate directly with me about this matter.

The subject property is located at the northeast corner of Radar Circle and Lasiter Drive in Marietta, Georgia. It is across Radar Circle and behind the Kentucky Fried Chicken on Cobb Parkway (the "Big Chicken"). It appears that the subject property is zoned Community Retail Commercial "CRC" under Section 708.16 of the Marietta, Georgia Zoning Ordinance (the "Code").

Attached to the Application for Variance is an "as built" Boundary Survey for State Mutual Insurance Company dated February 12, 2015 prepared by Hayes|James, Bruce W. Hamilton, G.R.L.S. No. 3082, which shows that the size of the subject property is 0.65 acre (28,545 sq. ft.). Located on the property is an existing one story building and an out building denoted as a shed on the survey. The main building may exceed the setback requirement on the northeasterly corner thereof. The shed appears to encroach on the adjoining property to the east and an existing one story building on the adjacent property to the south encroaches onto our property. The lot size and set back do not conform to the minimum requirements of Section 708.16(B)(6) of the Code.

Mr. Brian Binzer, AICP, Director  
Department of Development Services  
February 16, 2015  
Page 2.

State Mutual financed the purchase of the property by 1097 Sea Jay, LLC in 1997. The seller in that transaction was Fletcher Finance Company. 1097 Sea Jay, LLC leased the subject property to Second Chance Motors, which operated a used car lot on it. Attached is a copy of a survey of the property from 1994. We have been told by the operator of the used vehicle lot to the rear of the subject property that it has been used as a used car lot since approximately 1974. Use of the subject property for the sale of automobiles was "grandfathered" under the Code as a lawful non-conforming use.

I attach herewith a photocopy of the Cobb GIS map showing the subject property and surrounding property. As you can see, the lot to the rear of the subject property is presently being used for the sale of motor vehicles, as are lots on the opposite side of Lasiter Drive and Hagood Drive. There is located on the subject property a one story building that has sales offices on the east side of the building and bays on the west side of the building to clean and maintain the vehicles on the lot.

As noted above 1097 Sea Jay, LLC leased the subject property to Second Chance Motors, which operated a used car lot on it. 1097 Sea Jay, LLC and Second Chance Motors were both owned by Michael Farr.

Toward the end of 2012, 1097 Sea Jay, LLC defaulted in its loan payments, and State Mutual commenced non-judicial foreclosure proceedings in accordance with Georgia law. The evening before scheduled sale date, State Mutual received notice that Michael Farr, on behalf of 1097 Sea Jay, LLC, filed for Chapter 11 bankruptcy reorganization in the case styled In re: 1097 Sea Jay, LLC, United States Bankruptcy Court, Northern District of Georgia, Case No. 13-57329. The automatic stay imposed by the bankruptcy court filing forced State Mutual to suspend its foreclosure of the property.

While it was filed as a business "reorganization", the bankruptcy filing was little more than a stalling tactic to prevent foreclosure of the property. 1097 Sea Jay, LLC has a single asset: the subject property. It has only a single source of income: the lease with Second Chance Motors (also owned by Pharr). It was learned during the bankruptcy proceedings that Second Chance Motors had not made any lease payments in more than two (2) years. It was also learned that Mr. Pharr was a defendant in a federal court case in Michigan (which will be addressed below). State Mutual pursued the case in bankruptcy court, and the case was ultimately dismissed. Following dismissal of the bankruptcy case, State Mutual again initiated foreclosure proceedings, targeting a sale of the subject property on the first Tuesday in September, 2014.

Mr. Brian Binzer, AICP, Director  
Department of Development Services  
February 16, 2015  
Page 3.

Shortly before the September sale date, State Mutual received notice from 1097 Sea Jay, LLC's bankruptcy counsel that Michael Farr was the subject of an Order freezing his assets (including 1097 Sea Jay, LLC and the subject property owned by it) entered in the case styled U.S. Securities and Exchange Commission v. Onyx Capital Advisers, LLC, Roy Dixon, Jr. and Michael A. Farr, United States District Court for the Eastern District of Michigan, Southern Division, Civil Action No. 2:10-cv-11633-DPH-MKM. The lawsuit alleges that Farr participated in a scheme to defraud three Detroit, Michigan pension funds, using a number of entities owned by him, including 1097 Sea Jay, LLC and Second Chance Motors, as the vehicles for the diversion of such funds.

The specific pension funds are not named in the SEC complaint; however a case filed at or about the same time in federal district court in Michigan Civil Action (Civil Action No. 2:10-cv-11941-VAR-MAR) by the retirement systems of the City of Detroit Police and Fire Departments and the City of Pontiac General Employees Retirement Systems go into substantial detail about the scheme by Farr and his co-conspirators.

Judgment in excess of \$48,000,000.00 was entered against Farr in January, 2014, which entry dissolved the asset freeze order, subject to Farr's right to file an appeal. Following the expiration of the appeal period, State Mutual again commenced foreclosure proceedings for an May, 2014 foreclosure, only to be met with notice that on May 5, 2014, the day before the scheduled foreclosure, Michael Farr, acting on behalf of 1097 Sea Jay, LLC, conveyed a ten (10%) percent interest in the property to order to a California resident identified as "Mario Cortina", who immediately filed a Chapter 7 bankruptcy petition in California, seeking to halt the foreclosure sale of the subject property.

Our research of the California bankruptcy records indicated that this appeared to be a "straw man" transaction, because the required documents were not filed with the initial petition. The petition was later dismissed because of Cortina's failure to file such required documentation. State Mutual foreclosed on the property on the first Tuesday in May, 2014, purchasing it at the sale. The foreclosure deed was filed after the dismissal of the Cortina bankruptcy.

After the Cortina bankruptcy, State Mutual had to resort to the courts to take possession of the property. It is our understanding that 1097 Sea Jay, LLC continued to use the property either through Second Chance Motors, or a different lessee, although the power to the property had been disconnected. Following dispossessory proceedings and the assistance of the Sheriff's Department to remove the personal property left on the subject property, State Mutual was finally able to take possession of the property, approximately two (2) years after it first attempted to foreclose its security deed.

Mr. Brian Binzer, AICP, Director  
Department of Development Services  
February 16, 2015  
Page 4.

The foregoing narrative shows that State Mutual has been frustrated at every step in its lawful attempts to take ownership and possession of the subject property. Michael Farr manipulated the system to prevent State Mutual from asserting its rights under Georgia law. It is our understanding that during the course of this process, the "grandfathered" status of the property for automobile sales has been lost.

As noted above, the subject property and properties surrounding it have been used for decades for automobile sales. The subject property is presently under contract for sale to the manager (not the owner) of the motor vehicle sales lot immediately behind the subject property. The contract is contingent upon a variance or other action being taken to enable the property to continue to be used for automobile sales.

State Mutual cannot help but note the uses of property under the current zoning classification, CRC are substantially the same as Central Business District "CBD" at Section 708.18 of the Marietta Zoning Ordinances. Next to the subject properties are fast food restaurants, which are allowed under either. Under Section 708.18(B)(7), automobile sales are permitted on lots as small as 20,000.00 square feet. While State Mutual understands that there are compelling interests for each different zoning classification, automobile sales in Marietta are permissible on lots less than 40,000.00 square feet. State Mutual is simply asking that it be allowed to continue using the lot in the same manner and for the same purpose that it has been used for more than 40 years.

State Mutual submits that it would be fundamentally unfair to refuse its request for variances of lot size and set back. It resorted to lawful means to obtain the property, only to be frustrated by the former owner's blatant manipulation of the judicial system to prevent State Mutual from asserting its rights to the property, including the right to maintain the grandfathered status of the property. It would work a hardship for State Mutual, as the former secured lender, to not be able to convey the property for a use that otherwise be lawful, but for the acts of Mr. Farr.

For the reasons stated herein, State Mutual respectfully requests that its request for variances be granted.

Sincerely yours,

SIDNEY P. WRIGHT, P.C.
